BLDC-23-70	Building Permit - Commercial	5/22/2023 11:03	80000	MOTEL CONDO M94	GENE CORMIER	Re-work the existing fire alarm system so as to incorporate the rooms and general common areas in the 100, 200, and basement wings that have been out of order for the last 2 seasons. This proposal takes into consideration the adaptation of the modifications that have been made in order to keep the 300 & 400 wings up & running while the fire-damaged areas of the 100 & 200 wings are under repair. CCA would remove the temporary existing Silent Knight panel in the lobby by the pool area and run all new wires so the existing 300 & 400 wings would be reporting back to the original new Silent Knight addressable 6808 addressable control panel located in the main lobby. The sprinkler system will be the main global initiating system, and local 110v smokes/CO's will cover local protection. Standard elevator recall, pull stations, outside horn/strobes will be in place. The addition of low-frequency sounders will be added to each room in the 100 & 200 wings, all 79 rooms included.	213 OCEAN STREET, Hyannis, MA 02601
