- Discussion of questions for LCPC interviews

Councilor Cullum had a question to add regarding consensus and how we get there.

Councilor Shaughnessy suggested that we incorporate a question regarding on what the applicant sees as being a successful community, or what they see is needed for Barnstable moving forward.

Councilor Mendes suggested adding the applicant's experiences they have had that would make them a candidate for the committee, or what might have the applicant's background make them a candidate; something along those ideas.

Councilor Cullum added to the discussion regarding the growth of Barnstable and the preservation of Barnstable and finding the balance in that.

Councilor Neary had suggested that we ask if Barnstable is ready for the future, does Barnstable have the right programs designed for the population now and the population in the future, how do we address those populations and keep the youth here and balance the aging population, recognizing what may be good for one is not necessarily good for another.
