- Staff: Nina Coleman, Sandy Neck Park Manager; and Debbie Lavoie, Secretary Pro Tem.

- There was not quorum for the December Meeting.

Correspondence:

- none

Staff Report:

Nina Coleman addressed the Board:

- The gatehouse is open by appointment only. ORV stickers are required year round. The current (2102) stickers are good until April 15, 2013. The new sticker applications will go out in the mail the first week in March. Gatehouse will open in the beginning of April.
- The beach looks good.
- Banner year for turtle strandings. Fifty-two turtles stranded at Sandy Neck almost all found in good shape. This number includes 13 loggerheads. It is not known why so many stranded this year. Some of the loggerheads were flown to Florida for rehab and release.

Old Business:

Marsh Trail Repair Update

Nina Coleman reported the Marsh Trail Repair will start in February. She has already met with Highway and the work will begin soon. Need to work around the tides and the weather.

New Business:

Proposed Regulation Changes

[Note: The entire draft regulations are attached at the end of these minutes and are available for viewing during normal business hours at 1189 Phinneys Lane, Centerville, MA. The following information highlights the proposed changes discussed at this meeting.]

- All terrain vehicles, dirt bikes and snowmobiles are prohibited at Sandy Neck.
- Personal watercraft is prohibited on Sandy Neck in all areas except Beach Point and the Great Marsh.
Transporting a personal watercraft via the ORV corridor is prohibited.
Board Discussion: should it say “motorized personal watercraft” so people know kayaks are allowed? Can not say “jetskis” because that is a specific brand.
- Self-contained vehicles must carry a measuring device that determines a 30-ft distance.
This device would be used by campers so they will be able to measure 30 feet so they do not encroach on the ORV corridor.
- Self-contained vehicles may not be left unattended overnight.
Board Discussion: person in vehicle should know how to drive vehicle. Add to this regulation: *Self-contained vehicles must have a qualified driver present over night.*
- Vehicles with ORV permits from the prior calendar year do not need to repeat the trial run unless ownership of said vehicle has changed.
- Speed shall not exceed 25 mph at all other times.
Speed limit was 35 mph but that was too fast. Slope of the beach does not allow this speed.
- All vehicles shall be parked parallel to the frontal dune, at least 15’ from the toe of the dune, at least 30-ft. from the symbolic fence line, unless otherwise directed by the Sandy Neck Staff.
There was a discussion regarding the definition of symbolic fencing. The term “symbolic fencing” should be defined in the regulations to eliminate any confusion by beach users.
- For ORV corridor safety, all portions of the vehicle and beach accessories must be at least 30-ft. from the symbolic fencing unless otherwise directed by the Sandy Neck Staff. This includes: slide-outs, awnings, grills, chairs, etc.
There was a suggestion to change the wording to “*This includes but is not limited to slide-outs, awnings, grills, chairs, etc.*”
- Further parking location restrictions on self-contained vehicles over 33-ft.in length may be enacted by the Park Manager.
Board Discussion: The 33 ft length was determined because Class C is defined as up to 32 feet and would not part of this restriction. This would be for the bigger Class A units.
- In the off season when symbolic fencing is absent, vehicles must be parked at least 15-ft. from the toe of the dune.
There was a discussion regarding the definition of ‘berm.’ There is a picture showing the location of the berm but should there also be a definition?
- General Laws, Town Ordinances, or Sandy Neck Beach Park Regulations. Suspensions of up to five years may also be issued for any action which jeopardizes the property or safety of to five years may also be issued for any action which jeopardizes the property or safety of another person, or for any action that causes another person to be fearful for their safety and/or their property.
- The Park Manager reserves the right to suspend beach access to a dog as a result of aggressive behavior and/or due to irresponsible pet ownership.
Last summer there were three separate dog bite incidents and two dogs were banned from the beach. By having this section in the regulation, it allows for a hearing if someone wants to appeal the suspension.

Any further suggestions from the Board or from the public should be emailed to Nina Coleman prior to the next meeting.

Other Business:***Taisto Ranta Memorial***

The rock in memory of Taisto Ranta was placed last summer and the framed photograph of Taisto Ranta was presented to the Board however, there was never an actual dedication. Would the Board like to have the dedication ceremony this spring? Perhaps it could be held on Sunday, April 21, 2013.

Bench Removal

There were some benches installed along the Marsh Trail that were placed as part of a Boy Scout project. Over the years, due to wind and sand erosion, they are dilapidated and no longer usable in this condition. They are an eyesore and do not benefit the Marsh Trail. The Board asked if they could be removed.

Public Comment:

- Wendy Paquette wanted to make sure that the term "personal watercraft" does not include boats. Nina Coleman noted that it does not include boats.

Adjournment:

- There being no further business, the meeting adjourned at 8:35 pm.

Respectfully submitted,

Debbie Lavoie, Secretary Pro Tem
