July 12, 2011

Frederick Chirigotis, President Barnstable Town Council 367 Main Street Hyannis, MA 02601

Reference: Proposed Zoning Amendment - West Barnstable VIIIage Business Zoning District

Town Council Agenda Item No. 2011-138 - Introduced 05-19-2011

.... Dear Council President Chirigolis:

At the regular schedule July 11, 2011 meeting of the Planning Board, a duly posted and noticed public hearing was held on the proposed rezoning of the VB-B Village Business B District to WBVBD the West Barnstable Village Business Zoning District. After presentation of the proposal by the West Barnstable Civic Association and public comment, the Planning Board discussed the rezoning.

At the conclusion of the nearing, a motion was duly made and seconded to recommend to the Town Council adoption of the amendment as written. The vote on this recommendation was unanimous.

Respectfully. Submitted.

Matthew K. Teague, Planning Foard Chair

Copy: Barbara Ford, Town Council Administrative Assistant

Jo Anne Miller Buntich, Director

Linda Hutchenrider, Town Clerk

Nancy Trafton, West Barnstable Civic Association Subcommittee Chair

A. OLD BUSINESS (Public hearing) (Roll-call, 2/3)

BARNSTABLE TOWN COUNCIL

ITEM# 2011-138

INTRO: 05/19/11, 08/04/11

2011-138 AMENDING THE ZONING ORDINANCE-ADDING WEST BARNSTABLE VILLAGE BUSINESS DISTRICT

ORDERED:

That Chapter 240, of the Code of the Town of Barnstable, The Zoning Ordinance hereby amended as follows:

Section 1: (Shown in its entirety below.)

Amends Article III, Section 240-20 by adding a new zoning district titled West Barnstable Village Business District (WBVBD)

Section 2:

Amends The Zoning Map of the Town of Barnstable, to rename the VB-B Zoning District located near the intersection of Meetinghouse Way (Route 149), and Main Street (Route 6A) in the Village of West Barnstable to WBVBD as shown on The Zoning Map of the Town of Barnstable, Massachusetts Index Map dated June 7, 2011, and The Zoning Map of the Town of Barnstable, Massachusetts, West Barnstable, Sheet 2 of 7 dated June 7, 2011.

Section 3:

Amends Section 240-5, Establishment of Districts by adding "WBVBD – West Barnstable Village Business District" to the listing of Commercial Districts

Section 4:

Amends Section 240-67 to delete "VB-B" and add in its place "WBVBD" so the section now reads "Section 240-67 Signs in the CVD, OM, HG, TD, VB-A, MMVD and WBVBD Districts"

Section 5:

Amends Section 240-125.B (1) (e) Use Variances by adding "and the West Barnstable Village Business District (WBVBD)" after "(MMVD)" and by adding "and the WBVBD" before the word "boundary" the section to read:

"Use Variances: To authorize variances for uses in accordance with the provisions of this ordinance provided, however, that no such variances shall be granted within three hundred (300) feet of the major arteries known as Route 28, Route 132, Route 149 and West Main Street, within the Marstons Mills Village District (MMVD) and the West Barnstable Village Business District (WBVBD) and within 300' of the MMVD and WBVBD boundary.

Section 6:

Amend Chapter 240, by deleting references and regulations for the VB-B. Specifically:

- A. Section 240-5, Establishment of Districts by deleting the "VB-B Village Business B District"
- B. Section 240-53, Landscape requirements for parking lots, table of "Landscape Buffer Setbacks (in feet) to Parking Lots and Drives"
- C. Section 240-24.A, that sentence that reads "provided that in the VB-B District, no operation shall result in the treatment, generation, storage or disposal of hazardous materials, except as

- follows: household quantities; waste oil retention facilities for retailers of motor oil required and operated in compliance with MGL Ch. 21 § 52A; oil on site for heating of a structure or to supply an emergency generator"
- D. Section 240-24. B(2), that Part of the second sentence that reads "No more than three total rooms shall be rented to not more than six total guests at any one time in the VB-B Business District, and"
- E. Section 240-24.D all of the text in that subsection D, and
- F. Delete the remaining VB-B references in Section 240-24 and the single reference in Section 240-23. E (2).

Section 1:

To amend the Zoning Ordinance of the Town of Barnstable, Chapter 240 of the General Ordinances of the Code of the Town of Barnstable, Article III, District Regulations by adding a new Section 240-20 (now reserved for future use) West Barnstable Village Business District, to read as follows:

§240- 20 West Barnstable Village Business District

- A. Purpose and Intent: The purposes and intent of this section is to guide development and redevelopment in West Barnstable Village Business District so that it:
 - 1. Promotes a location-appropriate scale and traditional mix of business, institutional and residential land uses that contribute to and respect the historic character and historic neighborhood development patterns;
 - 2. Acknowledges the historic context of the village and preserves or enhances historic buildings or other historic resources;
 - 3. Protects and preserves the historic and scenic streetscape.
 - 4. Provides a variety of functions that support residents' day-to-day use of the district;
 - 5. Supports and enhances the diverse local economy and retains established village goods and service offerings;
 - 6. Preserves and protects the traditional New England village character of West Barnstable through architectural design that replicates in scale and character the best examples of traditional neighborhood design from the historic towns and villages of Cape Cod and New England to enhance the aesthetic quality of Barnstable as a whole.
 - 7. Conforms with the Old Kings Highway Regional Historic District Act;
 - 8. Is consistent with the Barnstable Comprehensive Plan and the West Barnstable Village Plan.

The following uses are permitted in the WBVBD, provided that no operation shall result in the treatment, generation, storage or disposal of hazardous materials, except as follows: household quantities; waste oil retention facilities for small scale retailers of motor oil required and operated in compliance with MGL Ch. 21 § 52A; oil on site for heating of a structure or to supply an emergency generator.

A. Principal permitted uses.

- 1. Single-family residential dwelling. A single family residential dwelling may be free standing or attached to a building also used for non-residential uses. More than one single family residential dwelling per lot is permitted as long as there is a minimum of one acre per single family dwelling, but in no case will more than one principal permitted single family residential dwelling be contained in any one building.
- Small scale retail store.
- 3. Professional, business or medical office.
- 4. Office of a bank, credit union, savings and loan or other financial institution.

- B. Accessory uses. The following uses are permitted as accessory uses in the WBVBD:
 - 1. Bed-and-breakfast operation within an owner-occupied single-family residential structure, subject to the provisions of § 240-11C (6) except Subsections (b) [1] and [2]. No more than three total rooms shall be rented to not more than six total guests at any one time in the WBVBD. No special permit shall be required in the WBVBD. For the purposes of this section, children under the age of 12 years shall not be considered in the total number of guests.
 - 2. Automated banking facilities (ATM) shall be located within a principal building and shall not be accessed from the exterior of the building.
 - 3. Accessory apartments as provided for in The Town of Barnstable Code, Chapter 9 Affordable Housing, Article II Accessory Apartments and Apartment Units.
- C. **Special Permit Uses.** The following uses are permitted provided that a special permit is first obtained from the Special Permit Granting Authority(SPGA) subject to the provisions of § 240-125C herein and subject to the specific standards for such uses as required in this section:
 - 1. Artisans and craftspeople
 - 2. Personal service business
 - 3. Windmills and other devices for the conversion of wind energy to electrical or mechanical energy subject to the provisions of § 240-44.1
- D. **Special Permit Performance Standards**. In addition to the standards for the grant of a special permit set forth in § 240-125C, the grant of any special permit within the WBVBD requires findings to support that the development meets the following criteria:
 - 1. Is compatible with and supports the purpose and intent of this section;
 - 2. Mitigates impacts to safety and congestion from development;
 - 3. Protects and preserves water supply for both drinking water and fire protection;
 - 4. Stormwater shall be contained on site and mitigated using best management practices;
 - 5. Manages waste, by-products and other debris that may be associated with artisan and crafts use in a manner compatible with abutting or nearby residential uses;
 - 6. Does not generate noise, vibration, smoke, dust or other particulate matter, odors, heat, glare or intrude with similar nuisance on abutting or nearby residential uses;
 - 7. Storage of all raw material and finished product associated with artisan or craft use shall be stored within a duly permitted permanent structure. All outdoor storage associated with artisan or craft use is prohibited.
 - 8. Deliveries may take place not sooner than one hour before, or later than one hour after the permitted operating hours of a business.
 - 9. Vehicles are prohibited from running motors, refrigeration units or other mechanical units outside of permitted hours of operation.

E. Bulk Regulations.

	_		Minin	num Yar	d Setbacks	_	_
Minimum Lot Area (square feet)	Minimum Lot Frontage (feet)	Minimum Lot Width (feet)	Front ³ (feet)	Side (feet)	Rear (feet)	Maximum Building Height (feet)	Maximum Lot Coverage as % of Lot Area
43,560	160	_	30	30	30	30 ¹	10^{2}

NOTES:

1 Or two stories, whichever is lesser

- 2 No more than 33% of the total upland area of any lot shall be made impervious by the installation of buildings, structures and paved surfaces.
- 3 Front yard landscaped setback from the road lot line: 20 Feet. Existing trees and shrubs shall be retained within the road right-of-way and within the required front yard landscaped setback and supplemented with other landscape materials, in accordance with accepted landscape practices. Where natural vegetation cannot be retained, the front yard landscaped setback shall be landscaped with a combination of grasses, trees and shrubs commonly found on Cape Cod. A minimum of one street tree with a minimum caliper of three inches shall be provided per 30 feet of road frontage distributed throughout the front yard setback area. No plantings shall obscure site at entrance and exit drives and road intersections. All landscaped areas shall be continuously maintained, substantially in accordance with any site plan approved pursuant to Article IX herein.
- F. **Non-Conforming Use Limitations**. Within the WBVBD the change of a non-conforming use to another non-conforming use is prohibited notwithstanding the provisions of Section 240-94.A. A nonconforming use shall only be permitted to change to a Principal Permitted Use as of right or to a Special Permit Use as provided for by the grant of a special permit pursuant to Section 240-20 C and D herein.
- G. Corporate Branding Buildings, colors, signage, architectural features, text, symbols, graphics, other attention getting devices and landscape elements that are trademarked, branded or designed to identify with a particular formula business chain or corporation are prohibited. All structures and sites shall be designed to include architectural and design elements that are consistent with the WBVBD architectural composition, character, and historic context. Interior corporate branding elements shall not be visible to the street through windows, doors or by any other means. The Town will work with applicants to adapt critical functional features of prototype plans to their sites, but will not accept standard plans, building forms, elevations, materials, or colors that do not relate to the site, adjacent development or West Barnstable community character.
- H. **Site Development Standards**. In addition to Article IX, Site Plan Review and Article VI, Off-Street Parking the following additional requirements shall apply within the WBVBD.
 - 1. Loading docks. Loading docks shall be screened from Meetinghouse Way (Route 149), Main Street (Route 6A), Lombard Avenue, Navigation Road, Packet Landing Road and Whitecap Lane with landscaping or fencing materials of an appropriate scale.
 - To the greatest extent feasible, all new parking areas shall be located to the side and rear
 of the building. Parking is not permitted in the required front yard setback with the
 exception of parking required by ADA compliance as determined by the Building
 Commissioner.
 - 3. Curb cuts and driveways.
 - (a) Shared driveways and parking area interconnections are strongly encouraged. No more than one curb cut on Meetinghouse Way (Route 149, Main Street (Route 6A), Lombard Avenue, Packet Landing Road, Navigation Road and Whitecap Lane shall be allowed for any lot. For traffic safety and to reduce traffic congestion, no new driveways shall be permitted on Route 149, Route 6A, Lombard Avenue and Whitecap Lane within 200 feet of any intersection.
 - (b) Driveways shall not exceed the width required by Site Plan Review

- 4. Lighting. In no case shall exterior or outdoor lighting cause glare that impacts motorists, pedestrians or neighboring premises.
 - (a) All exterior lighting shall use full cutoff light fixtures in which no more than 2.5 percent of the total output is emitted at 90 degrees from the vertical pole or building wall on which it is mounted.
 - (b) Up lighting is prohibited.
- I. **Definitions**. The following terms are defined in the WBVBD and shall not be construed to apply to other regulations.

Artisan or Craftsperson Use– A small scale use that typically employs one or two people who practice craft or artisan activities. A key feature of works produced by artisans or craftspeople is the high degree of manual expertise involved. The use must be compatible with abutting and nearby residential and non-residential uses. The following is included in the definition of Artisan or Craftsperson Use:

Artisan or Craftsperson– A person using manual skills to produce, in limited quantities, ornamental or functional works in ceramic, glass, metal, paper, wood or textiles. Examples include, without limitation, the following: drawing, painting, sculpture, pottery, photography, graphic design, interior design, fashion design, jewelry making, wood turning, glass blowing, furniture making, small wooden boat building, upholstering and weaving.

Personal Service – Establishments engaged in the provision of services, but not goods, of a personal nature to individuals and households. Such establishments include barber shop, beauty salon, clothing repair or seamstress shop, shoe repair shop, florist and day spas. Personal service establishments that are not commonly found in rural village environments such as check cashing services, fortune tellers, psychics, palm readers and similar services, spas and hot tubs for rent, tanning, piercing and similar services are prohibited.

Small scale retail store – Small stores and businesses, including but not limited to, corner groceries, bookstore, galleries and other small retail uses typically found in small New England towns. Small scale retail does not include retail or commercial buildings or storage designed to serve a large volume of customers, e.g. gasoline and oil filling stations, garages for automotive repair. Small scale retail is subject to corporate branding limitations as described herein and shall not include drive through window service.

ITEM# 2011-138 INTRO: 05/19/11, 08/04/11

SUMMARY

TO: Town Council

FROM: Henry Farnham, Precinct 11 Councilor

DATE: February 17, 2011

SUBJECT: Zoning Amendment Changing the VB-B zoning to WBVBD

SUMMARY: This is an amendment conceived, drafted and put forward by the LCP Committee of the West Barnstable Civic Association pursuant to their new Village Plan. This amendment more clearly specifies the type of commercial activity sought for the business district within the Village. The amendment adds site design guidelines, performance standards for special permits, use limitations and definitions specific to this district.

ANAYLSIS: Adoption will amend the zoning ordinance by eliminating the existing VB-B regulation, and renaming the commercial district the West Barnstable Village Business District (WBVBD), and adds new regulations for the WBVBD. No amendments to the district boundary are proposed by this order. This ordinance amendment was drafted with the active participation of the residents of West Barnstable through the West Barnstable Civic Association's Local Comprehensive Planning Committee. The proposal was unanimously approved by the membership at the annual meeting of the West Barnstable Civic Association in January 2011.

RATIONALE: Adoption of the amendment follows Village based planning long embraced by Barnstable.

Approval of the zoning amendment promotes West Barnstable's and the Town's planning objectives, protects the character and environment of West Barnstable and promotes locally focused economic development.

SUMMARY

TO: Town Council

FROM: Jo Anne Miller Buntich, GMD Director

DATE: June 7, 2011

SUBJECT: Ridgewood Park Improvements

Improvements to Ridgewood Park located between Linden, Locust, Mulberry and Oak Streets in the "tree streets" neighborhood in Hyannis has been the subject of a process spanning several years. Working with the Recreation Commission and the park neighbors through formal and informal discussions, a design concept has been developed for project funding. These modest improvements incorporate toward low maintenance design. Once funding is secured, the design will be finalized with Town departments and the park neighbors.

The PARC grant allows 54% reimbursement to the Town. The grant application requires that the entire amount be set aside by the Town Council. Once the project is awarded the PARC grant reimbursements will be requisitioned as the project moves toward completion. Once funding is in place early in the fall of 2011, we would anticipate project completion by the end of June 2012.

SUMMARY

TO: Town Council

FROM: John C. Klimm, Town Manager

THROUGH: Jo Anne Miller Buntich, Growth Management Director

DATE: July 5, 2011

SUBJECT: Acceptance of grant in the amount of \$18,800 from Massachusetts Cultural Council

Cultural Facilities Finds (MCC CFF).

BACKGROUND: In 2007, the Growth Management Department applied for and was awarded funding from MCC CFF in the amount of \$18,800 to support efforts to revitalize downtown Hyannis through Arts and Culture Economic Development Initiatives.

In 2010 GMD worked with MCC to alter the grant's original intent to allow these funds to be used to hire a qualified professional to analyze the integrity of the Armory building and systems.

FISCAL IMPACT: This grant will allow the Town to provide additional support and services to residents, businesses, organizations and stakeholders in downtown Hyannis. This grant requires a 100% match. Matching funds from a County grant have been set aside since 2008.

TOWN MANAGER RECOMMENDATION: The Town Manager recommends acceptance of this grant.

ITEM# 2012-005 INTRO: 08/04/11, 09/08/11

SUMMARY

TO: Town Council

FROM: Jo Anne Miller Buntich, Growth Management Director

DATE: July 21, 2011

SUBJECT: Adoption of the Multi Hazard Mitigation Plan

BACKGROUND: Multi-hazard mitigation is defined as any sustained action to reduce and/or eliminate short or long term risk to life and property from natural disasters. Effective hazard mitigation planning provides benefits to the Town and its residents, including creating a safer community by protecting life and property; preventing the loss of property, infrastructure and natural and cultural resources; and increasing public awareness of risk and vulnerability to natural disasters.

The Federal Emergency Management Agency (FEMA) requires local governments to develop a hazard mitigation plan as a condition for receiving certain types of non-emergency disaster assistance. FEMA administers a number of grant programs to assist communities with hazard mitigation efforts, both prior to disasters and following a Presidential disaster declaration.

To develop the Barnstable Multi-Hazard Mitigation (MHM) Plan, the Growth Management Department worked in cooperation with many Town departments, emergency service agencies, and the Cape Cod Commission to identify and profile the town's risk and vulnerability to potential natural hazards. Specifically, the MHM plan assesses the potential impacts of hurricanes, winter storms, shoreline change/coastal erosion, earthquakes, drought/wildfire, and dam failure and identifies properties, resources, and critical facilities, which may be impacted by these hazard events. The plan outlines mitigation strategies and actions aimed at reducing the loss of or damage to potentially vulnerable property, infrastructure, and resources within the Town. A corresponding implementation plan is also included.

FEMA conditionally approved, for a six month period, the Multi-Hazard Mitigation Plan on February 18, 2011. A Town Council vote to adopt the Multi-Hazard Mitigation Plan will secure the Town's eligibility to apply for and receive FEMA hazard mitigation grant funds for the next five years.

FISCAL IMPACT: The fiscal impact of the plan adoption is neutral. Plan implementation would result in an overall positive fiscal impact.

ITEM# 2012-006 INTRO: 08/04/11, 09/08/11

SUMMARY

TO: Town Council

FROM: John C. Klimm, Town Manager **THROUGH:** Paul B. MacDonald, Chief of Police

DATE: July 8, 2011

SUBJECT: Acceptance of FY11 Automated License Plate Reader Grant

BACKGROUND: The Barnstable Police Department applied for and was awarded the FY2011 Automated License Plate Reader Grant from the Commonwealth of Massachusetts, Executive Officer of Public Safety and Security/Highway Safety Division in the amount of \$17, 285.00.

The Barnstable Police Department Traffic Division has an opportunity to obtain an Automatic License Plate Reader (ALPR) to detect motor vehicles driven by traffic law violators. The department will be better able to target repeat offenders and focus on the apprehension of driver/vehicles operating with suspended/revoked licenses and/or expired registrations and/or insurance suspensions. It will also enhance our ability for perform better data collection to disseminate traffic record information in a timely and accurate manner to field personnel, as well as to assist in the identification of outstanding warrants in conjunction with the Criminal Justice Information System (CJIS).

The Barnstable Police Department proposes that this funding be used to fund the Automated License Plate Reader Grant as follows:

\$16,350.00 for a Mobile License Plate Reader (2 units)

- \$ 600.00 for a permanent mounted case
- \$ 335.00 for a permanent power cord

ANALYSIS: The acceptance of this grant will allow the Department to identify specific, measurable, attainable, realistic and time-bound goals by focusing on the detection and apprehension of traffic law violators.

FISCAL IMPACT: This is a reimbursement grant for purchase of equipment. This grant requires an in-kind match of \$4,321.25, which will be satisfied with time spent on project by the Traffic Supervisor.

TOWN MANAGER RECOMMENDATION: Town Manager John C. Klimm recommends acceptance of this grant.

STAFF ASSISTANCE: Paul B. MacDonald, Chief of Police

SUMMARY

TO: Town Council

FROM: John C. Klimm, Town Manager **THROUGH:** Paul B. MacDonald, Chief of Police

DATE: July 8, 2011

SUBJECT: Acceptance of FY12 911 Department Support and Incentive Grant

BACKGROUND: The Barnstable Police Department applied for and was awarded the 911 Support and Incentive Grant from the Commonwealth of Massachusetts, Executive Officer of Public Safety and Security, State 911 Department in the amount of \$177,282.00.

The Barnstable Police Department serves as a primary Public Safety Answering Point (PSAP) in that it receives all categories of 911 calls (Fire, Police, & Medical Emergency) and then dispatches to the appropriate service according to the type of need of the call. Eligible entities for this grant are primary, regional and regional secondary PSAPS and Regional Emergency Communications Centers (RECC). Additional monies are available under the grant guidelines pertinent to this grant, because the Barnstable Police Department serves as a Primary PSAP.

The Barnstable Police Department proposes that this funding be used to fund 911 Communications Center as follows:

\$177,282.00: Personnel costs for the Replacement of 911 Center Personnel

ANALYSIS: The acceptance of this grant will allow the Department to replace qualified personnel in the communications center in order to provide adequate staffing to that area on an understaffed shift without incurring undo overtime expenses.

FISCAL IMPACT: This is a reimbursement grant for overtime and equipment.

TOWN MANAGER RECOMMENDATION: Town Manager John C. Klimm recommends acceptance of this grant.

STAFF ASSISTANCE: Paul B. MacDonald, Chief of Police

SUMMARY

TO: Town Council

FROM: John C. Klimm, Town Manager **THROUGH:** Paul B. MacDonald, Chief of Police

DATE: July 18, 2011

SUBJECT: Acceptance of a \$10,000 gift from the Bluecoats of Barnstable, Inc. to the Barnstable

Police Department

BACKGROUND: The Bluecoats of Barnstable, Inc. is a local organization, whose mission is dedicated to support the officers and the mission of the Barnstable Police Department towards a common goal of maintaining a quality of life in the Town of Barnstable that reduces crime and provides for a safe environment for all residents and visitors to enjoy.

In March of 2011, The Barnstable Police Department opened a Hyannis Station on Main Street in Hyannis in order to provide for a stronger police presence in response to increased concern for criminal activity specific to that area. The Hyannis Station will be open year-round and no funding for the operating costs of the new station are covered in the FY12 general fund operating budget. The Department is reliant on other sources of funding through grants and local organizations to pay for rent, utilities and supplies required to operate the Hyannis Station. The Town of Barnstable and especially the Barnstable Police Department are appreciative of this generous gift from the Bluecoats of Barnstable, Inc., which they have specifically directed towards the expenses of the Hyannis Station.

ANALYSIS: The acceptance of this gift will help the Department pay for the expenses related to the operation of the Hyannis Police Station.

FISCAL IMPACT: Here will be no negative financial impact.

TOWN MANAGER RECOMMENDATION: Town Manager John C. Klimm recommends acceptance of this grant.

STAFF ASSISTANCE: Paul B. MacDonald, Chief of Police

FROM: John Klimm, Town Manager

DATE: July 1, 2011

SUBJECT: Transfer the sum of \$25,000 from capital loan order 2010-096 Sandy Neck Beach

House Renovations and Additions, for the purposes of funding repairs to the Sandy

Neck Gatehouse and Air Compressor Shack.

BACKGROUND: In 2010, the Town Council appropriated \$1,265,000.00 to complete construction on the new Sandy Neck Bathhouse, Garage and Walkway. The construction project is almost completed and there are remaining funds that could be utilized to improve other Sandy Neck structures. In particular, the Sandy Neck Gatehouse and Air Compressor Shack would benefit greatly from repairs. We are proposing new window frames, shingle siding and exterior painting for both of these structures

FISCAL IMPACT: If the requested funds are not transferred, additional funding will be needed for Sandy Neck Gatehouse and Air Compressor Shack maintenance and repairs as the exterior of these structures continue to deteriorate.

TOWN MANAGER RECOMMENDATION: Town Manager John C. Klimm recommends the approval of the transfer of these funds.

ITEM# 2012-012 INTRO: 08/04/11, 09/08/11

SUMMARY

TO: Town Council

FROM: John C. Klimm, Town Manager

DATE: July 13, 2011

SUBJECT: Transfer to Insurance Reserve Fund

BACKGROUND: Since fiscal year 2005, the Town had been purchasing an insurance policy for worker's compensation that covered all medical costs and lost salary from dollar one. This policy covered all active Town employees including those working for the School Department and enterprise funds. The policy premium costs have risen significantly due to a number of recent factors. First, an increase in workplace claims and severity of claims has driven up our experience rating which translates into higher premiums. Second, the market for worker's compensation coverage has changed making fewer carriers interested in the large payroll exposure of the Town. This has limited our options for carriers and creative programs that allow us better pricing. In the past, discounted programs have been an option for the Town but these are no longer available. Finally, the payroll and job classification rates, which determine our premium, have continued to rise. These are set by the State and we have little control over this change, which has translated into increased premium.

Despite these financial challenges, the Town's objective is to strive to create a safe workplace through appropriate supervision and safety education. We adopt loss control measures and offer training programs to limit potential losses, and we actively engage in developing a climate of safety for all Town employees. The reality for this current fiscal year is that a number of factors including an aging workforce, which can be more prone to accidents in the workplace especially in physically demanding jobs, have combined to result in a dramatic increase in our workers compensation premium for FY12.

ANALYSIS: The Town conducted an analysis of its current insurance program and major areas of insurable exposure in April 2011. It was decided to issue a competitive bid for all existing lines of insurance coverage including workers compensation. We invited several locally qualified and competent insurance agents to participate in the bidding process. There were no special services or capabilities that could not be provided from local agencies however, the Massachusetts Interlocal Insurance Association (MIIA), which is a non-profit arm of the Massachusetts Municipal Association offering risk management services, was invited to join the bidding process. The preparation of flexible general insurance specifications was prepared with the assistance of a consultant in order to create an open and easy process as well as leaving room for creativity. This also argued against a tightly drawn specification that might pose a barrier to participating. All participating agents were assigned markets (insurance companies) to approach in the order of their preference. Every agent was assigned their first choice of market with no conflicts. A secured website was used to distribute all documents requested by the participants including, but not limited to, historical loss runs, financial information, premium history, asset listing and employee classifications. The purpose of this was to provide primary source documentation to all parties directly in as expeditious a manner as possible. All participants were also invited to perform site visits.

Market conditions

Going into this exercise, one of the primary challenges we identified was the state of the insurance market and how it would respond to the Town of Barnstable. Some of the expected response is industry-wide, some is sector-specific (i.e. related to municipalities or public entities) and some is related to the Town specifically. The predominant issues in the market were identified as follows:

- A general hardening in the commercial market. Insured catastrophe losses, such as the earthquakes in New Zealand and Japan, as well as Japan's subsequent tsunami losses have put pressures on reinsurers and the rates they charge primary insurers. Deteriorating experience, reductions in capital and lower investment earnings opportunities have put pressure on rates, particularly in the commercial property area.
- The limited commercial market. The municipal market in Massachusetts is historically underserved by the commercial insurance companies. As a result, two alternatives were developed in the 1980 during a municipal insurance crisis. These alternatives, MIIA and the Trident/Metrogard program, dominate the Massachusetts market. For most medium to small municipalities (and counties), these are the only two markets to quote coverage.
- An aversion to wind exposed or seacoast locations. Over time, underwriters have become
 increasingly wary of their aggregate exposure to wind storm losses arising out of a single
 storm. They rely on a small number of so-called catastrophe risk modelers to develop their
 marketing and pricing strategies. A recent revision to the industry standards significantly
 increases the expected losses on Cape Cod, causing certain underwriters to avoid, reduce or
 restrict their underwriting on the Cape.
- Concern over increasing workers' compensation loss experience. This is an example of both an industry-wide and a Town specific concern. State-wide, underwriters are seeing increasing pressure from medical expenses rising as well as the longer absences among the aging workforce. Coupled with some adverse experience in the Town over the last several years, the incumbent insurer, Trident, non-renewed the coverage effective July 1, 2011.

Participants and responses

The following agents, brokers and sales representatives responded to the Town's invitation to participate. As mentioned previously each participant was assigned their first choice of market and in most cases had two or more markets available for each line of coverage. Furthermore, when reviewing all the assigned markets, we found that every insurance company that we knew of in the municipal arena was assigned to someone. Therefore, we concluded that the full market was approached. This was further supported by the number of questions and detailed requests that the Town received.

- **Dowling and O'Neil.** Dowling and O'Neil is the incumbent agent of the Trident/Metrogard program including the workers compensation coverage. They proposed a renewal with the incumbent program, a stand-alone Assigned Risk Pool (ARP) option for workers' compensation and an excess workers' compensation alternative. They also provided most of the optional quotes we looked for in the specifications. They did not propose on the Aviation Liability for the airport or on the Police Accident coverage.
- MIIA. MIIA was approached for a quotation. They were also assigned some additional markets for specialty coverages. However, MIIA did not submit a proposal, citing concerns from their excess carriers about the concentration of property coverage on Cape Cod (MIIA insures other municipalities on the Cape). They were unable to secure excess or reinsurance coverage for windstorm. They also declined the workers' compensation.

- Olde Cape Cod Insurance. Olde Cape Cod Insurance is the incumbent broker on the Aviation Liability and the Police Accident coverage. They did not request markets for the other lines. They provided a renewal proposal for these two lines of coverage.
- Rogers and Gray. Rogers and Gray has done some work for the Town in the past and is a well-known agency on Cape Cod. They were assigned a full complement of insurance markets for every line of coverage. Despite their efforts, all their assigned markets declined to quote, except in the marine (hull, protection and indemnity, and marina operators) area.
- **TD Insurance.** TD Insurance is a large regional broker with an office in Hyannis. One of their strengths is in alternatives to traditional insured workers' compensation. TD insurance was assigned markets for all lines of coverage and they approached a property specialist broker, Alliant Insurance Services, to explore a proprietary property program. All their assigned markets declined as well, citing the windstorm exposure and class of business.

Bid Results

The Town received limited proposals from the six participants that were involved. Essentially, those agents currently servicing the Town bid only on the current lines of insurance they provide and were awarded those lines. The premium on these policies falls within the FY12 budget that was approved. One proposal was received for a workers' compensation policy, a stand-alone Assigned Risk Pool (ARP) option with a premium of almost \$1.2 million. This is almost double the FY11 premium and well above the \$950,500 budgeted for FY12. As an alternative, the Town recommends self-insuring for this program and contracting with a third party administrator to manage claims and provide other cost control services. Town staff is currently in the process of attempting to procure an excess coverage policy to protect us against unusually large claims but the hardening in the market has made choices limited and expensive.

FINANCIAL IM PACT: The Town budgeted \$950,500 for workers' compensation insurance and \$1.3 million for all other policies in FY12. The awarded bids total \$1,270,000; excluding any workers' compensation, leaving a small balance for premium adjustments and deductibles that may occur throughout the year. It is proposed that the \$950,500 be transferred into the Town's Self-Insurance Trust Fund and any claims that arise in FY12 will be paid for out of the Trust. Any balance in the Trust at the end of the fiscal year will remain in the Trust and be set aside for claims incurred but not yet paid as well as future program costs.

TOWN MANAGER RECOMMENDATION: The Town Manager recommends approval of this transfer.

Council Discus Move/Vote	sion

ITEM# 2012-018 INTRO: 09/08/11

SUMMARY

TO: Town Council

FROM: John Klimm, Town Manager RE: Comcast Franchise Fees DATE: September 8, 2011

BACKGROUND: When MediaOne and then Comcast began offering cable service in the Town of Barnstable their contracts offered a provision to build an Institutional Network (I-NET) for the town at a cost of \$17,000 a mile. The I-NET they proposed to build was to be a hybrid system consisting of copper and fiber. They would retain ownership of the I-NET and presumably, it could have been an item on the table when cable contract negotiations occurred. The funding would have been from the franchise fees the town collects from the cable provider. The proposed I-NET was much smaller in scope and not a pure fiber network and offered a limited amount of fiber pairs per building. The town instead made the decision to bank the franchise fees and contract out to build our own fiber optic I-NET.

In early 2006, having accumulated enough funds to begin the project, the town commenced with the steps necessary to reach its goal of building its own I-NET. Much of this process dealt with the utilities, Verizon and NStar, which require a pole to be "made ready" prior to issuing a license for the town to attach. It has taken more than four years, and approximately \$600,000 to make the utility poles ready for fiber cabling. As of July 2011, the town now holds licenses for all the utility poles required to build out the network. There are approximately 1,700 poles involved and 55 miles of fiber optic cabling.

Prior to signing the contract with the vendor to build out the fiber network, the cable franchise fees from the most recent contract need to be approved for the expenditure. The use of cable franchise fees are strictly governed by the Comcast contract, essentially stating that funding can only be used for Public, Education and Government (PEG) television channels and the I-NET.

FINANCIAL ANALYSIS:

Costs:

BFON – fiber network 932,390.43

Police Details 100,000.00 (Estimate)

Hardware 400,000.00 (Estimate waiting final)
Possible fall fiber price increase \$35,000.00 (Depends on timing)

Total: \$1,467,390.43

The Town Treasury has been paid \$1,528,244 since the inception of this new license agreement through the fiscal year ending June 30, 2011 and these funds are available for the construction of the BFON.

TOWN MANAGER RECOMMENDATION: The Town Manager recommends approval of this resolve by the Town Council

STAFF ASSISTANCE: Dan Wood, Director of Information Technology

Mark Milne, Director of Finance

ITEM# 2012-019 INTRO: 09/08/11

SUMMARY

TO: Town Council

FROM: Community Preservation Committee

DATE: August 29, 2011

SUBJECT: School Administration Building – Historic Rehabilitation

BACKGROUND: The Community Preservation Committee (CPC) recommends to the Town Council through the Town Manager the appropriation of funds in the amount of \$1,042,000.00 for the Historic Rehabilitation of the School Administration Building in Hyannis Village.

RATIONALE: Listed on the National Register of Historic Buildings, the Department of Public Works seeks Community Preservation Act funds to assist with the efforts associated with the rehabilitation of the School Administration Building. The rehabilitation project is essential for its continued use by the public and its municipal employees. Funds requested will cover the design preparation, repair or replacement of the roof, brick pointing, windows, soffits and gutters. The project will ensure the historic building is preserved for future generations and addresses the urgency for rehabilitation and stabilization while providing a safe environment for staff, volunteers and patrons.

ITEM# 2012-020 INTRO: 09/08/11

2012-020 APPROVAL OF THE GRANT OF THE CONSERVATION RESTRICTION ON OSTERVILLE-W. BARNSTABLE RD, MARSTONS MILLS, MAP 125, PARCEL 002

RESOLVED, that the Town Council approve the grant of a Conservation Restriction from Kenneth Sutherland (grantor) to Barnstable Land Trust, Inc. (grantee), over approximately 27.32 acres of land on Osterville-West Barnstable Road, Marstons Mills, Map 125 Parcel 002, for the purposes of preserving open space, water quality, and scenic views and that the Town Council also approve a grant of a public parking easement to the Town of Barnstable for up to two spaces over a portion of the property not subject to the Conservation Restriction.

ITEM# 2012-020 INTRO: 09/08/11

SUMMARY

TO: Town Council

FROM: Executive Director Jaci Barton, Barnstable Land Trust

THROUGH: Councilor Janice L. Barton

DATE: August 30, 2011

SUBJECT: Grant of a conservation restriction to Barnstable Land Trust

Grantor: Ken Sutherland

Grantee: BARNSTABLE LAND TRUST, INC.

Property Location: 1127 Osterville-West Barnstable Road

Village: Marstons Mills

Map/ Parcel: 125/002

Total Acreage: 30.070 acres (per 2011 survey by Soule Land Surveying)

Restricted area: Approximately 27.32 acres (virtually all upland)

Unrestricted: Approximately 2.736 acres - 2.61 acres around existing house;

0.11 acres at the northeastern area abutting Osterville West Barnstable Road; .008 acres for the parking easement (18' x 22') and .008 for the alternative

parking easement

BACKGROUND AND ANALYSIS: The Sutherland property has been on the Town's priority list since the 1980's. The goals then, as they are now, were to preserve the rural character of Marstons Mills and the water quality of Shubael Pond, keeping woodlands along a designated scenic roadway (Osterville-West Barnstable Road) and a Town way to water (Shubael Pond Road) in their open, scenic and natural state.

The Sutherland family house was built on the shore of Shubael Pond in the 1930's. Ken Sutherland inherited it from his father. Today it remains surrounded by 30 acres of fields and pine/oak woodlands interspersed with hollies, rhododendrons and tall spruce trees.

In 2008, Ken Sutherland approached the Barnstable Land Trust about his interest in conserving his family land. His goals were to reserve an area around the existing house and to preserve the remainder of the land so that his son and his family could inherit it and use it as the family has for decades. Under the proposed plan, 2.61 acres around the Sutherland's existing house, a small area at the northeast corner of the property and a parking easement to be granted to the Town will remain unrestricted. The remaining 91% of the land would be permanently restricted.

Shubael Pond is a 55-acre freshwater Great Pond, which, is routinely stocked with trout by the Massachusetts Division of Fisheries and Wildlife. There are two ways to access the pond: Willimantic Drive and Shubael Pond Road. To launch kayaks or swim, the public generally uses Willimantic Drive where both the Town and the State own land and the access gently slopes to the water.

Shubael Pond Road is a town way to water that ends at a concrete bulkhead where stormwater flows through a drainage pipe into the pond. Along the pondshore, the road widens to 50'. Nearby on the Sutherland land there is an area between tall trees that is a favorite place to park. To meet the Town's goal of improving public access, the conservation restriction allows for the grant of a permanent easement to the Town of Barnstable for a public parking area for two vehicles among the tall trees.

This proposed conservation restriction conforms to the Open Space Policy of the Town, adopted in 1981, which "encouraged...grants of conservation restrictions" which yielded "benefits to the Town." Specifically, the Shubael Pond Conservation Restriction offers the following public benefits and will:

- preserve over 300' along a scenic roadway (Osterville-West Barnstable Road) and 1300' along a town way to water (Shubael Pond Road);
- enhance water quality of Shubael Pond by preserving 570' of scenic shoreline and 27 acres of attendant upland;
- encompass a scenic view visible from the waters of Shubael Pond; from the Town landing on Willimantic Drive and from Osterville-W. Barnstable Road, a Town of Barnstable designated Scenic Road;
- protect drinking water quality (falls entirely within a DEP Zone II Area of Contribution and the town's Groundwater Protection Overlay District, and partially within the Wellhead Protection Overlay District of a COMM Wellfield);
- preserve important natural habitats of fish, wildlife and plants and protect rare species habitat and permanently protect a significant parcel within the Town of Barnstable's Greenbelt and Fingerlinks Corridor; and,
- limit construction on land of natural resource value and contribute to the overall scenic and historic character of the area by adding to and maintaining the land predominantly in its natural condition.

In addition, the land satisfies the following community objectives as defined in the Town's 2010 Open Space Plan:

- Protect and maintain a maximum amount of open space to enhance environmental protection, recreational opportunities and community character (Goal 1), and promote non-regulatory measures (such as conservation restrictions) to preserve open space;
- Plan, coordinate and execute open space protection measures that complement community efforts to protect water supply, protect fresh and marine surface waters, preserve historic, scenic and cultural resources (Goal 2), and that protects wildlife habitat;
- Provide adequate public access to and safe enjoyment of the Town's open space and recreational resources and programs, particularly its shoreline areas and fresh and marine waterways. Access should be provided in balance with resource sustainability (Goal 4).

FISCAL IMPACT: Based on FY 2011 valuation

- Current Total evaluation is \$1,016,800
- The reduction in total value is approximately \$346,000, leaving a value of \$670,800 with annual taxes of \$5700.90
- The total property tax *reduction* due to the conservation restriction is approximately \$3336 of which \$2,792 is Town Tax; \$84 is CPA Tax and \$460 is COMM Fire District Tax)

ITEM# 2012-021 INTRO: 09/08/11

SUMMARY

TO: Town Council

FROM: John C. Klimm, Town Manager **THROUGH:** Paul B. MacDonald, Chief of Police

DATE: August 31, 2011

SUBJECT: Acceptance of FY11 Byrne Memorial Justice Assistance Grant: Local Solicitation

BACKGROUND: The Barnstable Police Department applied for and was awarded the FY2011 Byrne Memorial Justice Assistance Grant: Local Solicitation from the United States Department of Justice, in the amount of \$68,187. This grant has been deemed to be a disparate certification allocation to be distributed among three towns as outlined below based on a prescribed grant formula amount for each town; the Town of Barnstable will act as the grant administrator and fiscal agent for all towns:

Town of Barnstable: \$14,835: To be expended for the purchase of technology

replacements.

\$22,000: To be expended for overtime on behalf of deployments of the Street Crimes Unit, which is dedicated to combating crimes of a violent nature that typically have roots in the use, distribution and trafficking of illegal narcotics, which have a detrimental effect on the general welfare and quality of

life in the Town of Barnstable.

Town of Falmouth: \$15,043: to be expended on the purchase of 17 tasers and holsters.

Town of Yarmouth: \$16,309: to be expended on overtime costs and technology costs for the

initiation of a Street Level User and Dealer Drug Investigation and

Enforcement Program.

ANALYSIS: The acceptance of this grant will allow the aforementioned police departments to take action on the programs as described previously.

FISCAL IMPACT: There is no matching funding required for this grant. This is a reimbursement grant as expenses are incurred up to the total dollar amount of the grant. The town of Barnstable Police Department will serve as the fiscal agent for all of the towns and will be responsible for all grant reporting, reimbursement of funds and drawdowns.

TOWN MANAGER RECOMMENDATION: Town Manager John C. Klimm recommends acceptance of this grant.

STAFF ASSISTANCE: Paul B. MacDonald, Chief of Police
