SUMMARY

TO: Town Council
FROM: Mark S. Ells, Town Manager
THROUGH: Daniel W. Santos, P.E., Director of Public Works
DATE: November 21, 2019
SUBJECT: Appropriation Order in the amount of $730,000 for the Water Enterprise Fund Fiscal Year 2020 Operating Expense Budget

BACKGROUND: In 2015, United States Environmental Protection Agency (USEPA)-mandated testing of the Hyannis Water System for Contaminants of Emerging Concern (CEC’s) identified the presence of perfluorinated (PFAS) compounds in the Straightway and Mary Dunn wellfields.

On May 19, 2016, the USEPA announced the final Federal Health Advisory for perfluorinated compounds in drinking water. The new advisory level was significantly lower than the provisional level.

On June 12, 2018, the Massachusetts Department of Environmental Protection (MassDEP or DEP) issued an Office of Research and Standards Guideline (ORSG) for drinking water of 70 parts per trillion (ppt) for a combination of 5 PFAS compounds.

On April 17, 2019, the MassDEP announced the initiation of an administrative process to develop a drinking water standard of 20 ppt for a combination of 6 PFAS compounds.

As the result of this last MassDEP announcement the Hyannis Water System did initiate multiple rounds of water sampling and adjusted the well sequencing queue.

To be able to deliver enough drinking water year round under the proposed new standard, the volume of water purchased from the Town of Yarmouth and the Centerville-Osterville-Marstons Mills (COMM) Water System had to be increased.

At the present time the sources of all the CEC contaminations have not been completely determined. The DEP has directed and is overseeing investigations at the Barnstable Municipal Airport and the Barnstable County Fire Training Academy to better identify the sources and potentially responsible parties.

ANALYSIS: When the Fiscal Year 2020 Operating Budget was prepared, it was not anticipated that the Hyannis Water System would have to significantly increase water purchases based on the above described situation. Consequently, additional operating funds are required to purchase water from the Town of Yarmouth and the COMM Water Department. The Hyannis Water Board at their regularly scheduled meeting on Tuesday, October 15, 2019 voted unanimously to support this funding request.

FISCAL IMPACT: Funding for this appropriation will be provided from the Water Enterprise Fund reserves which were recently certified at $1,274,703. The Department of Public Works Water Supply Division is currently designing interim filtration units for the Airport, Straightway, Simmons Pond and Hyannis Port wells and is constructing the Maher Filtration Plant. The plant is anticipated to be
operational in the fall of 2020, and would eliminate the water purchases from the Town of Yarmouth and COMM Water Department. The Fiscal Year 2021 operating budget will be reduced accordingly.

**TOWN MANAGER RECOMMENDATION:** Mark S. Ells, Town Manager recommends approval of the appropriation order.

**STAFF ASSISTANCE:** Daniel W. Santos, P.E., Director of Public Works; Hans Keijser, Supervisor, Water Supply Division.

INTRO: 11/21/19, 12/05/19

SUMMARY

TO: Town Council
FROM: Mark S. Ells, Town Manager
THROUGH: Edward O’Neil, Director of Assessing
DATE: November 21, 2019
SUBJECT: Allocation of Tax Levy Fiscal Year 2020 – Residential Exemption

BACKGROUND: According to Massachusetts General Law, Chapter 40, Section 56, of the Acts of 1982 and Chapter 79 of the Acts of 1983, the Town Council may adopt a Residential Exemption as part of determining the allocation of the tax levy between residential property owners. This tax levy-shifting tool will not change the overall amount of property taxes raised through the residential class of property. It allows the town to shift a portion of the residential property tax levy between residential property owners based on statutory criteria. The maximum exemption allowed is 35 percent of the average assessed value of all Class One (Residential) parcels. This exemption would be applied to all residential parcels which are qualified as the principal residence of the taxpayer. Principal residence is a taxpayer’s domicile, that is, their fixed place of habitation, permanent home, and legal residence, as used for federal and state income tax purposes. This option shifts property taxes between residential taxpayers only and does not affect the Commercial, Industrial and Personal Property class of taxpayers. The Town Council has voted to adopt a 20% residential exemption for the past 14 fiscal years. If a 20% exemption amount is repeated for the FY20 tax levy, residential taxpayers whose principal residence is in the Town of Barnstable will receive a tax reduction as long as their property assessment is approximately less than $1,134,450 and the residential tax rate for all taxpayers will rise to cover the exempted portion of value of the qualified properties. The tax savings these property owners realize will be shifted to all non-resident property owners and residential property owners whose assessments are greater than approximately $1,134,450. Under this option, property tax savings are greater as the assessed value of the property declines and the percentage exemption adopted increases.

DATE: November 21, 2019
SUBJECT: Allocation of Tax Levy Fiscal Year 2020 – Tax Factor

BACKGROUND: According to Massachusetts General Law, Chapter 40, Section 56, of the Acts of 1982 and Chapter 79 of the Acts of 1983, the Town Council is annually charged with determining the Allocation of Local Property Taxes by the adoption of a Residential Factor. This tax levy-shifting tool will not change the overall amount of money that will be raised through property taxes; rather it allows the town to shift a portion of the tax levy between classes of property. The residential factor commonly referred to as the “Split Tax Rate” allows the Town Council to create separate tax rates; one for residential property owners and a separate one for commercial, industrial and personal property (CIP) owners. Under a residential “Factor of 1”, all property owners would pay taxes at the same rate per $1,000 of valuation. The maximum permissible shift would increase the CIP tax rate by 175%. Since 2007, the Town Council’s policy has been to select a Residential Factor of “1”.

DATE: November 21, 2109
SUBJECT: Order to Approve Term of Contract Change under the MGL 30B, Uniform Procurement Act, Section 12, paragraph(b), which would allow the Real Estate Research Consultants, Inc., contract to be extended from three (3) years to five (5) years

RATIONALE: The Town of Barnstable Assessing Division has gone out for a Request for Proposal for personal property valuation services every three (3) years since early 2000. The only firm that has been responsive and performs these valuation services in our area is Real Estate Research Consultants, Inc., 1538 Turnpike Street, North Andover, MA. In an effort to streamline the procurement process and only need to issue the Request for Proposal every five (5) years, we are requesting approval by the Town Council to enter into a contract for a five year term and to enable the Assessing Division to obtain a five year fixed price for these services.

FISCAL IMPACT: Entering into a five year contract will be a cost savings of staff time and advertising costs by extending the renewal period out from three years to five years, as well as enabling us to lock into a five year fixed price for these services. The contract total is for $46,700 per year for a total not to exceed value of $233,500. The operating budget for Fiscal Year 2020 includes the funding for the first year of this contract.
