The June 11, 2026 Meeting of the Barnstable Town Council shall be conducted in person at 367 Main Street 2nd Floor, James H. Crocker Jr. Hearing Room, Hyannis, MA. The public may attend in person or participate remotely in Public Comment or during a Public Hearing via the Zoom link listed below. Please note that this in-person meeting will not be suspended or terminated if technological problems interrupt the remote connection or the live broadcast or live stream. If you have a particular interest in a topic to be discussed, please consider attending the meeting in person.

1. The meeting will be televised live via Xfinity Channel 8 or 1070 or High-Definition Channel 1072 or may be accessed via the Government Access Channel live stream on the Town of Barnstable's website: <https://barnstable.cablecast.tv/internetchannel/watch-now>
2. Written Comments that will be distributed to the entire Town Council may be submitted to: [council@barnstable.gov](mailto:council@barnstable.gov)
3. Remote Participation: The public may participate in Public Comment or Public Hearings by utilizing the Zoom video link or telephone number and access meeting code:

Join Zoom Meeting <https://townofbarnstable-us.zoom.us/j/89812156235> Meeting ID: 898 1215 6235  
US Toll-free 888 475 4499

**PUBLIC SESSION**

**1. ROLL CALL**

**2. PLEDGE OF ALLEGIANCE**

**3. MOMENT OF SILENCE**

**4. PUBLIC COMMENT**

**5. COUNCIL RESPONSE TO PUBLIC COMMENT**

**6. TOWN MANAGER COMMUNICATIONS (Pre-Recorded and available on Video on Demand on the Town website)**

**7. MINUTES**

- **ACT ON PUBLIC SESSION MINUTES: May 28, 2026**

**8. COMMUNICATIONS - from elected officials, boards, committees, and staff, commission reports, correspondence and announcements**

---

**Please Note:** The lists of matters are those reasonably anticipated by the Council President which may be discussed at the meeting. Not all items listed may be discussed and other items not listed may be discussed to the extent permitted by law. It is possible that if it votes, the Council may go into executive session. The Council may also act on items in an order other than as they appear on this agenda. Persons interested are advised that in the event any matter taken up at the meeting remains unfinished at the close of the meeting, it may be continued to a future meeting, and with proper notice.

# BARNSTABLE TOWN COUNCIL

ITEM# 2026-201

INTRO: 05/28/2026, 06/11/2026

**TO:** Town Council  
**FROM:** Councilor Thomas Keane, Precinct 2  
**SUBJECT:** Order Amending Article II, Sewer Assessments, Chapter 184 Sewers and Water of the General Ordinances  
**DATE:** May 28, 2026

**BACKGROUND:** This item would implement a recommendation of the Town's Comprehensive Financial Advisory Committee by amending the sewer assessment ordinance to make two changes to how the maximum sewer assessment amount, which is currently \$10,000, would be adjusted. First, it would change what is currently a discretionary annual adjustment of that amount by the Town Manager, subject to Town Council approval, to a mandatory annual adjustment, as determined by the Town Manager. Second, it would change how the annual adjustment would be calculated. As currently written, the adjustment would be based on the percentage change in the construction cost index as calculated by the Gordian Company for the immediately preceding year ending June 30. As proposed, the annual adjustment would be based on the percentage change in the Engineering News-Record (ENR) Construction Cost Index for Boston for the immediately preceding year ending June 30.

**RATIONALE:** Sewer infrastructure construction costs are heavily influenced by inflationary pressures in labor, materials, fuel, equipment, and regulatory compliance. Under the current discretionary framework, adjustments to the maximum sewer assessment may be delayed or omitted due to administrative or political considerations, causing assessment revenues to lag behind actual project costs. Over time, this will further increase the structural funding gap that currently exists in financing the Comprehensive Wastewater Management Plan (CWMP).

A mandatory annual adjustment mechanism based on an established construction cost index ensures that assessment limits keep pace with real-world construction expenses in an objective and transparent manner. By linking adjustments to an independent index, it removes uncertainty and avoids the need for repeated legislative or administrative action to address inflationary increases.

In addition, indexing the maximum assessment promotes fairness among property owners who are being added to the public sewer system. Without regular indexed adjustments, deferred increases may eventually require larger, sudden increases to recover accumulated cost escalation.

Finally, use of a construction cost index provides an administratively efficient and defensible standard. Because the adjustment is based on publicly available economic data rather than discretionary judgment, the process is more transparent, consistent, and less susceptible to arbitrary decision-making.

Accordingly, replacing the current discretionary annual adjustment with a mandatory index-based adjustment mechanism is a prudent and sustainable policy that better aligns sewer assessments with actual infrastructure costs while promoting financial stability, transparency, and equitable cost allocation.

**FISCAL IMPACT:** The current maximum sewer assessment of \$10,000 per dwelling unit provides a small percentage of the overall funding resources for the CWMP. The sewer expansion projects authorized to date, including Strawberry Hill Rd., Rt. 28 East and West, Centerville Village North and South, Phinney's Lane Neighborhoods and Long Pond Area, are projected to generate \$19.6 million in sewer assessment revenue based on the current maximum assessment. Project construction and financing costs are projected to total \$185 million requiring a subsidy of approximately \$165 million, or 90% of the cost, excluding project management. A 5% increase in the current assessment would generate approximately \$760,000 more in assessment revenue for the projects approved to date.

**TOWN MANAGER RECOMMENDATION:** Mark S. Ells, Town Manager, recommends approval of this item.

**STAFF SUPPORT:** Karen L. Nober, Town Attorney; Mark Milne, Director of Finance

# BARNSTABLE TOWN COUNCIL

**ITEM# 2026-207**  
**INTRO: 06/11/2026**

## SUMMARY

**TO:** Town Council  
**FROM:** Mark S. Ells, Town Manager  
**THROUGH:** James Benoit, Information Technology Director  
**DATE:** June 11, 2026  
**SUBJECT:** Authorization to contract for and expend a Fiscal Year 2026 Community Compact Municipal Fiber Grant in the amount of **\$250,000** from the Commonwealth of Massachusetts, Executive Office for Administration and Finance to assist with adding redundancy to the town's existing municipal fiber optic network

**BACKGROUND:** The Commonwealth's Community Compact IT Grant Program is a competitive program focused on driving innovation and transformation at the local level via investments in technology. The Town has been awarded a grant under this program in the amount of \$250,000 to add redundancy to our existing municipal fiber optic network.

The Town's municipal fiber optic network was constructed in 2013 and connects municipal facilities across 65 miles of fiber optic lines. This network currently supports over 35 sites including all Town Departments and schools.

Over time, it has become apparent that the network lacks redundancy and may be vulnerable to potential outages if a break or damage were to occur along a critical fiber line. In recent years, there have been several outages caused by damage to fiber optic lines. This damage has ranged from rodents chewing through wires, to tree limb damage, to chainsaw damage from tree-trimming crews. The impact of this damage has varied, but all has resulted in network downtime for Town facilities, sometimes for an extended time.

The goal of this project is to provide physical fiber path diversity to the Town's existing fiber network, thereby increasing the resiliency of the network. The first phase of the project, which will be funded under this grant, will be to install a new fiber backbone across a portion of the Town. This increased fiber capacity will create alternative paths for network traffic to continue to flow even when the primary fiber network suffers a cut or significant outage.

**ANALYSIS:** The goal of this project is to increase resiliency of the Town's fiber optic network, which serves all Town and School facilities. In the event of damage to a portion of the network, this project would provide alternative paths for data to flow, thereby reducing the chances of downtime and better ensuring the Town's ability to continue serving the community at Town facilities.

**FISCAL IMPACT:** There is a 5% local match required, which can include in-kind services. To meet this requirement, we will use a combination of in-kind services, namely our in-house management of the project, as well as using budgeted INET maintenance funds which are used for maintenance of the fiber optic network.

**TOWN MANAGER RECOMMENDATION:** Mark S. Ells, Town Manager, recommends approval of this item.

**STAFF ASSISTANCE:** James Benoit, Information Technology Director

# BARNSTABLE TOWN COUNCIL

**ITEM# 2026-209**  
**INTRO: 06/11/2026**

## SUMMARY

**TO:** Town Council  
**FROM:** Mark S. Ells, Town Manager  
**THROUGH:** Daniel W. Santos, P.E., Director, Department of Public Works  
**DATE:** June 11, 2026  
**SUBJECT:** Authorization to amend the grant agreement with the Natural Resources Conservation Service to increase the grant amount by an additional **\$36,932** for the purpose of constructing stormwater improvements on Old Shore Road, Cotuit

**BACKGROUND:** This project will implement stormwater improvements at Old Shore Road in Cotuit for the purpose of improving water quality in nearby shellfishing areas of Cotuit Bay. This project will be completed in partnership with the Natural Resources Conservation Service (NRCS). NRCS has provided funding for the design and 75% of the construction costs, totaling up to \$200,000 in the initial contract with the Town. In this initial contract agreement, the Town is responsible for the permitting and 25% of the construction costs, totaling up to \$75,000. During construction of these improvements, many unforeseen structures under the road were discovered which impacted the project's design and schedule- resulting in multiple change orders that the initial budget agreement could not afford. NRCS will provide additional funding for 75% of the change orders and associated costs (i.e. police details), totaling up to \$36,932. The Town is responsible for 25% of the change orders and associated costs, totaling up to \$23,311.00.

**ANALYSIS:** This grant is for the implementation of the Cotuit Old Shore Road Stormwater Treatment Project to improve water quality in nearby shellfishing areas under the Watershed Flood Prevention Operations (WFPO) Program's Cape Cod Water Resources Restoration Project.

**FISCAL IMPACT:** This is a reimbursement grant for a revised total of \$236,932. The Town must expend the funds upfront and subsequently submit them for reimbursement. The Town's additional matching funds for this project (\$23,311) will be provided from existing capital appropriations for public roads maintenance.

**TOWN MANAGER RECOMMENDATION:** Mark S. Ells, Town Manager, recommends approval of this item.

**STAFF ASSISTANCE:** Daniel W. Santos, P.E., Director, Department of Public Works

**THROUGH:** Daniel W. Santos, P.E., Director, Department of Public Works  
**DATE:** June 11, 2026  
**SUBJECT:** Authorization to amend the grant agreement with the Natural Resources Conservation Service to increase the grant amount by an additional **\$5,377** for the purpose of funding additional costs of stormwater improvements on Clamshell Cove Road, Cotuit

**BACKGROUND:** This project will implement stormwater improvements at Clamshell Cove Road in Cotuit for the purposes of improving water quality in nearby shellfishing areas of Popponesset Bay. This project will be completed in partnership with the Natural Resources Conservation Service (NRCS). NRCS has provided funding for the design and 75% of the construction costs, totaling up to \$72,000 in the initial contract with the Town. In this initial contract agreement, the Town is responsible for the permitting and 25% of the construction costs, totaling up to \$18,000. During construction of these improvements, utilities under the road were closer to the structure's proposed locations than originally anticipated which impacted the project's design resulting in change orders that the initial budget agreement could not afford. NRCS will provide additional funding for 75% of the change orders, totaling up to \$5,377. The Town is responsible for 25% of the change orders and associated costs (i.e. police details), totaling up to \$12,792.00.

**ANALYSIS:** This grant is for the for the implementation of the Cotuit Clamshell Cove Road Stormwater Treatment Project to improve water quality in nearby shellfishing areas under the Watershed Flood Prevention Operations (WFPO) Program's Cape Cod Water Resources Restoration Project.

**FISCAL IMPACT:** This is a reimbursement grant for a revised total of \$77,377. The Town must expend the funds upfront and subsequently submit them for reimbursement. The Town's additional matching funds for this project (\$12,792) will be provided from existing capital appropriations for public roads maintenance.

**TOWN MANAGER RECOMMENDATION:** Mark S. Ells, Town Manager, recommends approval of this item.

# BARNSTABLE TOWN COUNCIL

ITEM# 2026-211  
INTRO: 06/11/2026

**TO:** Town Council  
**FROM:** Mark S. Ells, Town Manager  
**THROUGH:** Daniel W. Santos, Director, Department of Public Works  
**DATE:** June 11, 2026  
**SUBJECT:** Authorization to amend the grant agreement with the Natural Resources Conservation Service to increase the grant by an additional **\$22,500** for the purpose of funding additional costs of fish passage improvements at the Long Pond Centerville outlet channel

**BACKGROUND:** This project will implement fish passage improvements at the outlet channel of Long Pond in Centerville. The project will include replacement of temporary and failed sandbags, historical structures and associated channel work to improve fish passage to upstream fish spawning areas under the Watershed Flood Prevention Operations (WFPO) Program's Cape Cod Water Resources Restoration Project. This project will be completed in partnership with the Natural Resources Conservation Service (NRCS). NRCS has provided funding for 75% of the construction costs, totaling up to \$350,000 in the initial contract with the Town. In this initial contract agreement, the Town is responsible for 25% of the construction costs, totaling up to \$80,000. As NRCS has progressed the design, the construction costs are anticipated to increase by \$30,000. NRCS will provide 75% of these additional costs, totaling up to \$22,500. The Town is responsible for 25% of these additional costs, totaling up to \$7,500.00. These increases would result in an updated total budget of \$460,000 for construction of these fish passage improvements.

**ANALYSIS:** This grant is for the for the implementation of the Long Pond Centerville Outlet Fish Passage improvements under the Watershed Flood Prevention Operations (WFPO) Program's Cape Cod Water Resources Restoration Project.

**FISCAL IMPACT:** This is a reimbursement grant for a revised total of \$460,000. The Town must expend the funds upfront and subsequently submit for reimbursement. The Town's additional matching funds for this project (\$87,500) will be provided from the capital trust fund appropriation approved under Town Council item 2022-116.

**TOWN MANAGER RECOMMENDATION:** Mark S. Ells, Town Manager, recommends approval of this item.

**STAFF ASSISTANCE:** Daniel W. Santos, Director, Department of Public Works
