Councilor questions and comments:
Please dovetail with Asset Management to review properties for possible purchase. We need flexibility moving forward. We need projects for 55 plus as well. Please look at empty schools as possible housing projects. How can businesses get involved they could be looking for help and housing would be an asset for them in the hiring phase. [We are looking into the business aspect for housing needs] [Future might be able to introduce program to renters and bankers] We need to build density developments 20 plus/40 plus not just single family. What is the total amount in the trust? [2019 – 4 million dollars]
