

AVL Agreement 2022-2023

By signing this document the contractor acknowledges that he has received an Automatic Vehicle Locator (AVL) device to be placed in his/her vehicle during snow plow operations.

This AVL is being used to monitor the effectiveness and timeliness of the contractors works in regards to expected snow removal, taking into consideration conditions and circumstances. This AVL remains Town property and must be returned at the end of the snow and Ice season or earlier, if requested by the Town.

A **\$200.00** deposit payable by check is required before the unit is issued and the contract is processed, failure of the contractor to return the unit, when requested, in good working condition shall result in the contractor forfeiting its deposit to replace/repair the unit.

Failure to return the unit in good working order may also jeopardize future contracts with the Town of Barnstable.

I have received an AVL unit # _____ for use during the 2022-2023 snow and Ice season
