Cape Cod Municipal Health Group **BENEFITS GUIDE**

KNOW YOUR BENEFITS

It is our pleasure to welcome you to this guide filled with information and opportunities available to you as a member of the Cape Cod Municipal Health Group (CCMHG.) Our objective is wellness for all members and their families through proper medical care and fostering healthy lifestyles. Inside you will find details around the many programs and benefits that are offered through your employer and wellness consultants. We hope that you and your family take advantage of all benefits that are appropriate for you so that all of us will lead healthy lives. Feel free to bring any of your concerns to the Steering Committee or the Board. More detailed information is available at: www.CCMHG.com Be well!

Erin Orcutt, Steering Committee Chair

Michael MacMillan, Board Chair

Strategic Plan

Cape Cod Municipal Health Group (CCMHG) will provide a culture of wellness throughout its membership believing that this approach, over time, will improve quality of life of employees and retirees, improve productivity, and lower health care costs increases. CCMHG will help its members become prudent purchasers of health services.

Important Notes to Remember

- New hires must enroll in coverage during the first 30 days of their employment.
- Once you choose health care coverage, you cannot change plans until the next Annual Open Enrollment period - unless you have a Qualifying Event. Even if your doctor or hospital leaves your network you must remain enrolled in your selected plan. Qualifying Events include: marriage, birth or adoption of a child, divorce, death, or involuntary loss of other coverage.
- Doctors within your network may change during the year. If your doctor is no longer available your health insurance carrier will help you find a new one.
- Student coverage: check with your specific health plan for details.
- Change of personal information: Contact your Benefits Administration/ HR Office.

NETWORK ENHANCED OPTION

With Eye360, wellness and savings are in sight

eye
med

INTRODUCING EYE360 - Eye360 is an enhanced benefit plan proven to help members save on vision care exam and out-of-pocket costs. These extras are available when members visit a PLUS provider - a select group of providers in the EyeMed Network. Best of all, the perks are built into the vision plan - no promo codes or paperwork provided.

SEEING SAVINGS - With Eye360, members receive \$0 copay vision care exams and an additional \$50 frame allowance at PLUS Providers — on top of their base plan's benefits. That translates to members with Eye360 spending 41% less out-of-pocket on frames.² And when combined with other offers and discounts³, it adds up to truly eye-opening savings.

Help employees see, save and live better with Eye360 — Contact your EyeMed rep or visit eyemed.com

With an additional \$50 towards the frame allowance (plus 20% off the remaining balance) for the first pair of frames purchased and then an additional \$100 frame allowance (plus 40% off remaining balance) for the second pair of frames Eye360 delivers increased access to care and member savings.

VISION CARE IS HEALTHCARE An annual vision care exam not only helps uncover vision correction needs, it can often be the first to detect signs of serious health conditions, such as diabetes, high blood pressure, heart disease⁴ and eye diseases like glaucoma and cataracts.⁵ With Eye360, \$0 copay vision care exams help encourage employees to be proactive with their holistic healthcare.

CCMHG Pharmacy Benefit Tips You Can Use!

- If you have any questions or concerns about your prescriptions- ASK YOUR PHARMACIST.
- Check your prescription while still at the pharmacy counter if at all possible. If the pills look at all different, ask your pharmacist about it. Once leaving the counter, the prescription cannot be returned.
- If you utilize mail order, you'll pay about 2.5 times the monthly copay for a 3-month supply.
- Certain brand name prescription drugs are available to CCMHG plan members via the CCMHGCanaRx program, where you can get certain brand name drugs at \$0 copay for a 90-day supply each time.
- Shopping around by calling at least 3 pharmacies can help you save on generic prescriptions.
- Generic prescriptions contain the same active ingredients as brand name drugs, and cost less. \$10/30 day supply is the plan max some pharmacies offer 30-day prescriptions for less than \$10.
- Bring a list of all meds and any over the counter (OTC) or supplements which you take to doctor visits.
- A good question to ask your doctor (or pharmacist) when prescribed a new drug is if there a generic or lower cost drug that does the same thing, and if the doctor has samples or copay cards you can use?
- Some copay cards are available online. Look online at: www.cou-co.com. If you do not find your drug through that website, just Google your drug's name and the words "prescription copay card".

Not sure who to contact with any questions? When in doubt - always refer to your HR and/or Benefits office for help! Contact Information for all member units on pages 16-17.

CCMHG Pharmacy Options for Members

CCMHG members have multiple options in choosing where to have their prescriptions filled. The following is a summary of each of the programs available to you as a member of the health plan.

- 1. RETAIL PHARMACIES** - Examples are pharmacies at the following: CVS and Walgreens; Target and Walmart; and Stop & Shop. For BCBS members, just stop in the pharmacy with your prescription(s) and show your health plan card. HPHC members should show their CVS Caremark prescription coverage card. With the DCD plan, you can get 30 to 90-day supplies per prescription. It is the same cost per 30 days regardless of the number of days' supply per prescription.
- 2. MAIL ORDER PHARMACY** – For members of both the BCBS and HPHC health plans (typically) 90-day supplies per prescription, you can mail in your prescription to the mail order pharmacy for each plan. **BCBS Members should contact CVS Customer Care at 877.817.0477** and **HPHC members should contact the dedicated CVS Customer Care line at 833.823.2278**. The advantages of this option are a lower cost per every 30 days' supply and the convenience of receiving your prescriptions at home.
- 3. SPECIALTY PHARMACY** – For high-cost specialty drugs including those typically not available at retail pharmacies. **BCBS members should contact Customer Care at 877.817.0477** and **HPHC members should contact Customer Care at 833.823.2278**. Some products may be at reduced or no copay with copay coupons. For both BCBS and HPHC members, you may need to enroll in their copay assistance programs prior to getting your specialty prescription filled. Please contact BCBSMA or HPHC for details.
- 4. CANARX INTERNATIONAL MAIL ORDER PROGRAM** – This voluntary program allows you to receive certain brand drugs always for free, after receiving at least one fill in the U.S., in 90-day supplies, which come from Canada, England, or Australia. They are shipped directly to you from a pharmacy in the network in those countries. Check their formulary online to see if you are utilizing a brand drug in the program. Contact them at CANARX.com or call them at **866.893.6337**. Once you are enrolled, have them contact your provider for a 90-day prescription. They primarily handle traditional and oral brand drugs.
- 5. GOOD HEALTH GATEWAY DIABETES CARE REWARDS PROGRAM** – You will receive covered diabetes medications and supplies like glucometers, lancets, and test strips for \$0 copays. This Program is available for free to Cape Cod Municipal Health Group active health plan members and their dependents on the active health plans with a diagnosis of diabetes. (pre-diabetes, Type 1, Type 2, gestational). **Join today for free** at www.GoodHealthGateway.com or by **calling Member Services at 800-643-8028**. Then complete the five program activities to earn your RX Rewards card. You can then bring your RX Rewards card to your retail pharmacy for a 30-day supply or a 90-day supply or call the member services line to order a 90-day supply shipped to you.
