

Barnstable Local Comprehensive Planning Committee

The Town of Barnstable is updating its Local Comprehensive Plan (LCP). The LCP will set out a vision for growth and development, land use, infrastructure, and resource protection for this distinctive community and its seven villages, as well as a targeted action plan to guide the Town's future work and resource allocation.

The LCP's development will be steered by a Local Comprehensive Planning Committee (LCPC). The purpose of the Committee is to better facilitate and communicate the planning process, and engage the greater community in the planning effort.

The Town is seeking volunteer members for this important committee.

Selected members will be asked to participate in a two-phase process that will take place over the next two years, with regular meetings (virtual and/or in-person) with the Committee and the community. A committee member should expect to commit to a minimum of monthly evening meetings during that time. The Committee will be responsible for establishing the planning process, including the public engagement plan, and developing and recommending a draft Local Comprehensive Plan to the Town Council. The Committee will be supported by Town staff and an outside planning consultant, as directed by the Town Manager.

To be considered for the Local Comprehensive Planning Committee please complete the application found here:
