Information Regarding Storage of Small Vessels at Cotuit Town Dock

No vessel greater than 10 feet in length overall and no vessel greater than 5 feet in beam may be placed on Cotuit Town Dock. For the purpose of this regulation a vessel is any watercraft used or capable of being used as a means of transportation upon the water. Cotuit Town Dock is the only Town Way to Water that allows both powered and non-powered vessels. Any vessel placed on Town property is required to display a current decal issued by the Harbormaster.
