Barnstable Municipal Water Supply Board

Termination of the State of Water Supply Conservation

Issued: November 2, 2026

At its regularly scheduled public meeting on October 20, 2026, the Barnstable Municipal Water Supply Board voted to terminate the *State of Water Supply Conservation* in accordance with the Hyannis Water System Water Withdrawal Permit requirements.

There is always a need to limit water use, especially nonessential outdoor water use, to ensure a sustainable drinking water supply and to protect natural resources and streamflow for aquatic life.

Water conservation kits, including showerheads, faucet aerators, and replacement toilet tank flappers are available to Hyannis Water System customers at no charge through the Water Supply Division. Learn more by visiting the Town of Barnstable website, here: https://barnstable.gov/Departments/watersupply/Conservation/Conservation-Items-Available.pdf

Please call the Hyannis Water System at (508) 775-0063 with any questions.
