

*Thank You to the hundreds of residents and visitors who turned out for the return of Unity Day. It was a joyous celebration of Unity in our Community on the Hyannis Village Green. During the event a Moment of Silence was observed in honor of Kevin A. Houston, a Navy SEAL who died in a CH-47 Chinook helicopter crash with 29 other United States service members on August 6, 2011. Kevin enlisted in the Navy in 1995 after graduating from Barnstable High School in 1994, and started with the SEALs in 2005.*

*We look forward to next year's event.*

### **Town of Barnstable's Liz Hartsgrove Honored with International Parking & Mobility Institute Professional Recognition Award**

***IPMI Professional Recognition Award winners showcase dedication to their colleagues, their organizations, and their communities.***

Liz Hartsgrove was named a winner in the International Parking & Mobility Institute (IPMI)’s Professional Recognition Awards competition, for Customer Service. IPMI’s Professional Recognition Awards acknowledge professionals and organizations who operate, maintain, and manage parking and mobility operations, and the individuals who are changing the perception of the industry as a career and profession. Award winners are nominated by their peers and selected by a committee of industry professionals. Liz Hartsgrove was nominated for this year’s awards—during a challenging year—recognizing her as an expert and trusted leader who consistently puts customers first in both the community and the parking and mobility industry. “It’s always a particular honor for us to recognize outstanding professionals and organizations in parking, mobility, and transportation.”

said IPMI CEO Shawn D. Conrad, CAE. “This year’s winners exemplify a commitment to excellence, innovation and creativity that persevered through a difficult and challenging time, and it’s a privilege for us to honor them and be part of their professional circles. They make us all better.” Stressing the importance and need for courteous and respectful “People Specialists”, Liz’s training and empowering leadership techniques showcases the creative vitality and economic driving, positive force Parking Management and Visitor Services must have to efficiently and effectively support the public and businesses; setting everyone every day up for success. [More details on this year’s award winners](#) can be found in a special feature in *Parking & Mobility* magazine as well as on the IPMI website. They will be honored in-person at the 2021 IPMI Parking & Mobility Conference & Expo, Nov. 29 - Dec. 3, Tampa, Fla. The 2022 IPMI Awards of Excellence competition will open in January 2022. Please visit [parking-mobility.org](http://parking-mobility.org) for details. IPMI is the world’s largest and leading association for professionals and organizations in the parking and mobility industry.

## **Proposed Mixed-Use Sub Zone of the Medical Services Overlay District**

*On **September 2, 2021 at 7:00 PM** the Town Council will hold a public hearing on a proposed zoning amendment: to add a Mixed-Use Sub Zone to the Medical Services Overlay District. A Legal Advertisement for this proposal is posted in the Barnstable Patriot today. Proposed text and maps can be found on the [Planning Board website](#). Please find details for joining the public hearing below:*

**Town of Barnstable**

**Town Council**

**Public Hearing on Item No. 2022-007**

**Mixed-Use Sub Zone of the Medical Services Overlay District**

**Thursday, September 2, 2021 at 7:00 p.m.**

Zoom Meeting ID 988 3174 1018

<https://zoom.us/j/98831741018>

888 475 4499 US Toll-free

The proposed zoning amendment would add a new zoning overlay district, Chapter 240, Section 38.1 Mixed-Use Sub Zone of the Medical Services Overlay District. The proposed overlay district provides flexibility within the Sub Zone to permit development and relocation of medical and healthcare services together with commercial, retail and residential uses. It is located at Wilkens Lane and Kidd’s Hill Road in Barnstable. The property is primarily zoned IND Industrial District, MSOD Medical Services Overlay District, and is within the GP Groundwater Protection and WP Wellhead Protection Overlay Districts. Multifamily residential development is a use permitted in the IND Industrial District. The proposed zoning overlay modifies the bulk and dimensional standards applicable to this use to allow housing development at a greater density than currently permitted. Maximum allowable building height is increased to four stories (not to exceed 55 feet). Parking requirements are reduced for multifamily, retail and medical uses. Uses not already permitted in the IND or MSOD, or additional multifamily development not currently contemplated (beyond 1000’ of Kidd’s Hill Road) will require a Special Permit. You can submit comments on this item to the Town Council in the following ways:

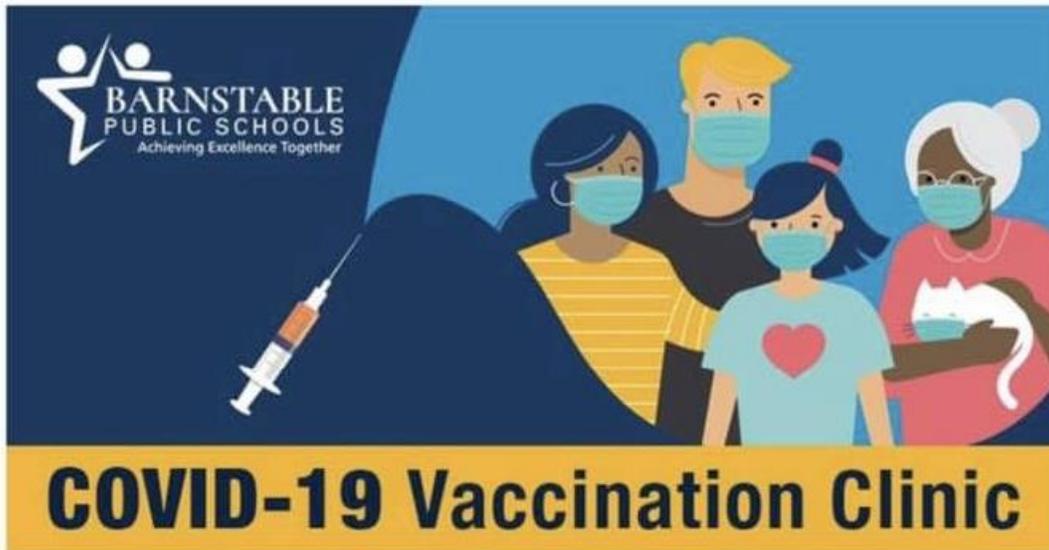

- Attend the Town Council meeting on September 2, 2021 at 7 p.m. via Zoom (Meeting ID 988 3174 1018) and speak at the public hearing (via telephone or Zoom);
- Submit comments via email to Town Council staff, Cindy Lovell, at [cynthia.lovell@town.barnstable.ma.us](mailto:cynthia.lovell@town.barnstable.ma.us)
- Submit comments in writing to: Town of Barnstable Town Council, ATTN: Cindy Lovell, 367 Main Street, Hyannis MA 02601

## **Cape Cod Commission announces OneCape keynote speakers, new virtual format** ***Annual OneCape Summit to be held virtually on August 23-24, 2021***

The Cape Cod Commission is pleased to announce speakers for the upcoming OneCape Summit, including federal and state officials. The OneCape Summit is a regional forum for collaboration, innovation, and excellence across major policy issues and areas. Over the course of two days, sessions will cover strategies to address marine and freshwater quality, work to mitigate and adapt to climate-related impacts in the region, local and regional strategies to support housing needs, and building resilience within our natural, built, and community systems in a post-COVID economy. To kick off the Summit, attendees will hear from **Janet McCabe**, Deputy Administrator for the US Environmental Protection Agency. Other plenary speakers include **Ellen Dunham-Jones**, Director of the Urban Design Program at Georgia Tech, who will talk about retrofitting suburban areas, and integrating issues of climate change, sustainability, affordable housing, and others, into development and its form. **Dan Wolf** (Founder and CEO, Cape Air; former MA State Senator) and **Dorothy Savarese** (President and CEO, Cape Cod Five) will return for what's sure to be an exciting conversation about pandemic realities and the ability of the region to rise to address challenges. They'll be followed by **Rosalin Acosta**, MA Secretary of Labor and Workforce Development, discussing economic recovery. **Jamey Tesler**, newly appointed Secretary of MA Department of Transportation, will participate in a panel discussion on Building a Climate Resilient Transportation Network. And **Katie Theoharides**, MA Secretary of Energy and Environmental Affairs will provide the Summit's closing keynote address. Attendees will also hear from landscape architect, **Pamela Conrad** whose expertise lies in climate-friendly design, and **Chris Gloninger**, meteorologist and climate change reporter, in addition to many other local and regional speakers. With news of increasing COVID-19 cases and the Delta variant and keeping in mind the safety and health of attendees, speakers and our community, the 2021 OneCape Summit has been shifted to a fully virtual format. We look forward to gathering again in person when it's safe to do so. The 2021 OneCape Summit will be held on August 23 and 24. Registration is now open. For details and to register, please visit [onecape.capecodcommission.org](https://onecape.capecodcommission.org).

## **Be Proactive Against Mosquitos in Your Backyard**

Avoid mosquito bites by using EPA approved repellents, appropriate clothing and avoiding peak mosquito activity between dusk and dawn. Remove standing water by emptying containers and tarps. Check your risk levels throughout the season by visiting the State interactive website at:

<https://www.mass.gov/infodetails/massachusetts-arbovirus-update>

Please review the 2021 MDPH Surveillance and Response Plan for updates to risk levels and risk messaging.

<https://www.mass.gov/doc/2021-arbovirus-surveillance-and-response-plan/download>

Establish good mosquito avoidance habits now:

- Teach children to be aware of mosquito activity around them and avoid it
- Pick a repellent with an EPA-approved active ingredient
- Use long sleeves to cover up when possible
- Remove standing water to help reduce mosquito populations
- Repair screens

If you should have any questions, please call us at the Health Division Office at 508 862-4644.

## Town of Barnstable Economic Development Program - Call for Volunteers

### WHO:

Individuals who are outgoing and comfortable talking with a variety of people

### WHAT:

To complete intercept (one-on-one) surveys

### WHEN:

August 23-September 3, 2021 at scheduled times during lunchtime or early evening, weekdays or weekends.

### WHERE:

Hyannis Main Street

### WHY:

To engage in citizenry and help guide the Planning & Development Process

- Use our tablet with easy to follow instructions and scripts
- Half-hour training sessions
- Choose your own shifts

## CALL FOR VOLUNTEERS

*The Town of Barnstable Economic Development Program is creating an Intercept Survey Program that is designed to allow more opportunity for public input at public events and other targeted opportunities.*

As part of this effort, we are planning to do a survey of pedestrians, so that we can better understand what drew them to the District, where they are coming from, and how they view the changing patterns in Downtown Hyannis that were created as a result of the pandemic.

We are looking for outgoing and friendly individuals who would be willing to interview pedestrians. The time commitment would consist of not more than three hours, typically two (2) separate one and a half (1½) hour blocks, on either a weekday and/or a weekend, in the daytime and/or the evening -- you would be free to choose the days and shifts that - work best for you. You would be paired with another interviewer, given a half-hour training beforehand (complete with a script) and provided with personal protective equipment (PPE). Why not ask a friend to join you? Electronic tablets will be provided during your shift to tabulate responses.

This experience offers an ideal learning opportunity for anyone who is interested in Downtowns, what makes them tick and how they can be revitalized as well as those considering careers in the retail, hospitality and tourism industries.

## Town of Barnstable Community Development Block Grant Program

### ***Notice of Document Availability, Public Meeting and Public Comment Period***

The Town has completed the 2020 program year for the Community Development Block Grant program and is preparing Consolidated Annual Performance Evaluation Report (CAPER) for the period July 1, 2020 – June 30, 2021. The Town was awarded \$286,135 in federal funds from the U.S. Department of Housing and Urban

Development (HUD) to address the goals and objectives of the Town of Barnstable Consolidated Plan for 2020 – 2025. The CAPER is a year-end report that outlines the accomplishments of the Town’s CDBG program and is available for review and comment before the Town submits it to HUD for approval.

**DOCUMENT AVAILABILITY**

The Draft CAPER is available for review on the Town website: [www.townofbarnstable.us/CDBG](http://www.townofbarnstable.us/CDBG) and in the Planning & Development Department, 367 Main Street, 3rd Floor, Hyannis, MA 02601 between 8:30am and 4:30pm Monday through Friday. Members of the public may also contact Elizabeth Jenkins at [elizabeth.jenkins@town.barnstable.ma.us](mailto:elizabeth.jenkins@town.barnstable.ma.us) or call the Planning and Development Department at 508-862-4678.

**PUBLIC COMMENT PERIOD**

Written comments received on or before **September 10, 2021** will be included in the final submission to HUD.

Please submit written comments to:

By enabling MassNotify in your phone's settings, you can be quickly notified if you've been exposed to COVID-19 by another MassNotify user. For more information, please visit <https://www.mass.gov/info-details/enable-massnotify-on-your-smartphone>.

**MassNotify**

Know if and when you were exposed to COVID-19!

Cape Cod welcomes visitors from all over the world, which is why it's more important than ever to track COVID-19 exposures and spread. MassNotify is an important tool to help you do just that. It's not an application that you buy through the app store - it's a simple adjustment to the settings on your phone. And it's completely private and anonymous! The service is strictly to make you aware of a potential exposure so that you can take the appropriate precautions.

**On an iPhone:**

- Go to Settings
- Scroll down to Exposure Notifications
- Click "Turn on Exposure Notifications"
- Click "Continue"
- Select United States, then select Massachusetts
- Follow the instructions on the following screens to enable MassNotify
- Note that Bluetooth must be turned on for MassNotify to detect other users nearby.

**On an Android phone:**

## **Cyanobacteria Notice**

As we enter the summer season, we wanted to let you know the Town is planning to resume cyanobacteria monitoring and reporting. However, this program will have a delayed start this year due to unanticipated staff turnover. We expect the program to resume in July. Until this program is back up and running, we wanted to provide some tips to identify cyanobacteria blooms, what to do if you suspect a bloom, and who to contact.

### **Identifying Cyanobacteria Blooms**

The Massachusetts Department of Public Health has provided examples of cyanobacteria blooms with scums and without scums. <https://www.mass.gov/service-details/identifying-cyanobacterial-blooms-and-scums-photographs-of-blooms-and-scums>

### **How do I know if there is a harmful algal bloom in the water?**

Cyanobacteria can cause the water to appear slightly discolored, cloudy, or resemble pea soup or paint. They are usually blue or green but can also be brown or red. They can also give the water a bad odor. The cyanobacteria in some blooms are dispersed throughout the water, while in other blooms they are concentrated in a scum or mat, either on the surface of the water or in sediment along the shoreline.

### **What if you Suspect a Cyanobacteria Bloom?**

#### **WHEN IN DOUBT, STAY OUT!**

If you see a possible cyanobacteria bloom, avoid contact with the water.

Contact the Health Department at 508-862-4644 or email [health@town.barnstable.ma.us](mailto:health@town.barnstable.ma.us), if the bloom is at a recreational waterbody.

### **Want to Learn More About Cyanobacteria?**

<https://www.epa.gov/cyanohabs>

<https://www.who.int/publications/m/item/toxic-cyanobacteria-in-water---second-edition>

## **Sign Up for Cyanobacteria Alerts**

The Town of Barnstable contracted with the Association to Preserve Cape Cod (APCC) to conduct routine monitoring and reporting of Cyanobacteria in Barnstable's Lakes and Ponds. If you are interested in receiving an email notification, when a potentially toxic bloom is identified by APCC, you ***must opt-in*** to the APCC toxic alerts. In order to receive email notification for toxic alerts, click this link: <https://apcc.org/our-work/science/community-science/cyanobacteria/cyanobacteria-alert/> This link will bring you to a webpage where you ***must enter your email*** in order to receive toxic alerts. You can also check out the cyanoMAP at <https://apcc.org/our-work/science/community-science/cyanobacteria/> to see the recent cyanobacteria monitoring results from APCC.

## ROAD WORK UPDATES

As always please slow down and use extreme caution when traveling through the road construction areas and follow posted safety and detour signs.

### **\*UPDATED\* Drainage & Pavement Improvements on Wheeler Road in Marstons Mills**

Drainage and pavement improvements on Wheeler Road in Marstons Mills are currently on-going and will continue during the week of August 16, 2021. The remaining work will include, final asphalt paving and restoration of all disturbed areas. Please use caution and safe speeds when traveling on Wheeler Road during construction operations.

### **\*CONTINUES\* Rendezvous Lane Wastewater Pump Station Replacement Project**

The Town of Barnstable's contractor, Robert B. Our Co., Inc., is under contract to complete a wastewater pump station replacement project at the intersection of Rendezvous Lane, Kent Road and Salten Point Road. The project involves a new below grade precast concrete wet well and valve vault, pumping system, control panel, standby generator and gravity sewer main to replace the existing wastewater pump station at the Town Right of Way to Barnstable Harbor at the end of Rendezvous Lane. The improvements are necessary to replace the existing pump station approaching the end of its intended service life and to relocate the new pump station above the FEMA base flood elevation. Typical work hours are 7:00 AM to 4:00 PM, with groundwater dewatering pumps and sewer bypass pumps occasionally requiring 24/7 operation. Remaining work includes restoration of disturbed areas.

### **\*UPDATED\* Town Wide Drainage Improvements**

The Town's contractor, Tasco Construction, will continue drainage improvements at eight (8) locations along Oldham Road in Osterville the week of 8/16/21. The work includes installation of new drainage systems, repairs to existing drainage systems, adjustment of drainage structure castings, and restoration of any areas disturbed during construction. Normal work hours will be between 7:00 AM to 3:30 PM, Monday through Friday. Through traffic will be maintained throughout construction. Any lane closures will be supported with police details to direct traffic. Motorists are advised to seek alternate routes to avoid the construction work.
