## Fall 2020 Elections – Voter Options Guide

On July 6th the Governor signed new legislation - An Act relative to voting options in response to COVID. This legislation outlines 3 options for voting in the fall 2020 elections -

[Vote by Mail](#), [Vote Early In Person](#) or [Vote on Election Day](#)

ELECTION TYPE	DATE OF ELECTION	ELECTION DAY HOURS	DEADLINE TO REGISTER TO VOTE	VOTE BY MAIL APPLICATION DEADLINE
State Primary Election	September 1, 2020	7 AM - 8 PM	August 22, 2020	August 26th - 5PM
Presidential Election	November 3, 2020	7 AM - 8 PM	October 24, 2020	October 28th - 5PM

## SELECTION OF BALLOT TYPES - PRIMARY ELECTION ONLY

In a primary election, a voter who is NOT registered in a political party (Unenrolled or commonly known as Independent) must specify the party ballot type of choice on the application to vote by mail or in person voting (early or on election day). We are unable to process applications for Unenrolled / Independent voters who do not select a party ballot type on their application. Unenrolled / Independent voters who select a party ballot type do not become registered in that party - they remain Unenrolled / Independent voters. Voters who are registered in one of the 4 political parties (Democrat,

Republican, Green-Rainbow, and Libertarian) MUST take that party ballot and are not given a choice of ballot. *The polls will be open as usual on September 1<sup>st</sup>. We will be taking all possible precautionary safety measures to ensure that elections workers and the voters will be in a safe environment to cast your ballot. We will have fewer voting booths set up six feet apart, so you may have to wait a little longer in line. We will change the flow of the polling location, enter in one door exit out a different door, if at all possible.*

## Track My Ballot through the [Secretary of State's Website](#)

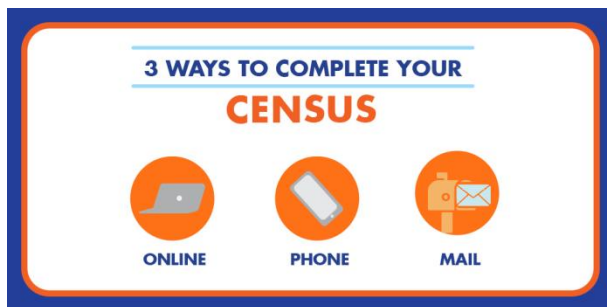

To find your 2020 mail-in ballot:

- Enter your name and the address at which you are qualified to vote.
- This address must be in a city or town in Massachusetts, and NOT your mailing address.
- If you live in a village, view list of [village names \(opens in new window or tab\)](#) to find the city or town name for your village.
- Data entered must match the data on your mail-in ballot application.
- Required fields are marked with an asterisk (\*).

## Make Your Voice Count in the 2020 Federal Census

It's Easy to Complete On-line, Just Click [Here](#)

**Only 10 minutes of your time now has a great impact on our community for the next 10 years!**

The Census Bureau has abruptly decided to cut their national counting operations a month short.

**The last day to participate in the U.S. 2020 Federal Census is now September 30, formerly October 31.** This announcement further jeopardizes Congressional representation, redistricting, and critical federal funding for things like education, housing, food programs, and more in the Town of

Barnstable during the next 10 years. It could lead to a significant undercount. Only 54.7 percent of Barnstable's households have responded to date. The census is quick, easy, and important, and all of your answers are confidential. You can respond to the U.S. Census by going online to [my2020census.gov](#), by phone at 844-330-2020, or by mailing back the paper form delivered to you. Please respond and be counted today. **Currently the self-response rate nationally is 63.4%. Massachusetts has a 65.7% self-response rate; Barnstable County 47.4%; and the Town of Barnstable 54.7%.**

## Barnstable DPW Receives Two Commonwealth of Massachusetts Grants

The Town of Barnstable has been awarded a **2020 MassTrails Grant for the Cape Cod Rail Trail Phase 3** project. The Town of Barnstable was awarded \$180,950 for the design, engineering, and permitting of phase 3 of the Cape Cod Rail Trail, which will extend the current terminus of Peter Homer Park in West Yarmouth to Mary Dunn Road in Barnstable. The project was one of 94 proposals requesting over \$8.8 million submitted during the grant application period. This year, 54 projects will receive awards totaling \$4 million. The Town of Barnstable in partnership with the Association to Preserve Cape Cod has been awarded a \$173,255 **Coastal Zone Pollutant Remediation (CPR) Grant**, which will be used to construct

stormwater green infrastructure to treat runoff at South County Road through a nature-based approach. This project builds on a multi-year effort by the Town to improve water quality within the Three Bays watershed, with a goal to improve water quality for coastal habitat, swimming and shellfishing. This grant will continue the efforts by the Town to treat stormwater runoff in the critical Three Bays embayment and its recreational and shell fishing activities. The CPR Grant Program seeks to improve water quality and protect coastal habitats by reducing or eliminating nonpoint sources of pollution, the leading cause of water quality impairment in the nation. This type of pollution primarily occurs when contaminants are picked up by rain, snow melt and other flowing water and carried over land, in groundwater or through drainage systems to the nearest body of water and ultimately out to sea. Nonpoint source pollution reduces water quality, negatively impacts habitat for coastal wildlife and reduces opportunities to harvest shellfish and swim due to mandated closures.

### **Cape Cod Commission and Cape Cod Chamber of Commerce Launch Second Survey of COVID-19 Business Impacts**

#### ***Survey seeks to better understand the impacts of COVID-19 amid reopening***

Building on an effort launched earlier this summer, the Cape Cod Commission and the Cape Cod Chamber of Commerce have issued a second [online survey](#) to Cape Cod business owners to understand the continuing impacts of the COVID-19 pandemic. The [initial survey responses](#) provide data to inform the region's economic recovery that can be leveraged by businesses, towns, and other organizations in future grant applications and reports. This second survey aims to capture new data from businesses in an effort to dive deeper into the impacts of COVID-19 during Cape Cod's peak summer season. "For many of our small businesses, now is the time to bring in the revenue that will sustain them all year," said Wendy Northcross, Cape Cod Chamber of Commerce CEO. "Survey responses will show how the pandemic is impacting our businesses during this peak time and will help us refine a strategy for recovery." The survey again addresses businesses' operational and workforce impacts. Business owners are also asked to share information about resources they have leveraged or are still needed to aid in recovery efforts. "Data collected from our first survey laid the groundwork for strategic recovery," said Cape Cod Commission Executive Director Kristy Senatori. "This new data will provide critical information from businesses and organizations during our region's busy summer season." Responses are held confidentially and results reported out in aggregate. Business owners, including past survey participants, are encouraged to respond.

## Are You on the Town's Emergency Notification System?

The Barnstable Police Department has an emergency notification system. This system has been used to provide information during the ongoing COVID-19 event and for the recent COMM Water District issue. Did you know that only landlines are part of the federal and state Reverse 911 system and you must register cell phones which are not public records? Make sure you are on our list. Sign up [here](#) today. **What is CodeRED and why is it important to me?** CodeRED is an emergency notification service by which town officials can notify Barnstable residents and businesses by telephone, cellular phone, text message, or electronic mail about time-sensitive emergency situations or important community alerts. The system is capable of sending messages only to specific neighborhoods or the entire town. Only authorized officials are allowed access to use the system. If there are ways we can help you succeed in the coming days, months, and in the long-term, please reach out and share your suggestions with us. Submit your suggestions on the [Economic Recovery Plan website](#). Additionally, we encourage our businesses to take the [Cape Cod Commission's online survey](#) for Cape Cod business owners. Eastern equine encephalitis (EEE) is a rare but serious disease caused by a virus that can affect people of all ages. EEE can cause severe illness and possibly lead to death in any age group; however, people under age 15 are at particular risk. EEE does not occur every year, but based on mosquito sampling, a high risk of occurrence of human cases currently exists. Learn more about EEE and how to protect yourself and your family in this [fact sheet about EEE](#).
