Town Council Meeting – Thursday, August 20, 2020

The August 20, 2020 Meeting of the Barnstable Town Council was physically closed to the public to avoid group congregation. The Town provided Zoom and telephone calls for remote communication for those who wanted to participate. Agenda Chaptering is not currently available for this meeting.

Town Council President Paul Hebert began last night's [Town Council Meeting](#) with Town Councilor Paula Schnepf leading the reciting of the Pledge of Allegiance and a Moment of Silence. Public Comment was received by Zoom and telephone. Town Manager Mark Ells presented his Town Manager Communications for the period July 17-August 20, 2020:

1. Ann Quirk, Town Clerk, provided an update on voting.

2. We continue to conservatively manage FY 2021 carefully monitoring revenues and expenses. We are maintaining the necessary controls to respond appropriately as we progress through FY 2021. Mark Milne, Finance Director, and I are planning for the fiscal policy workshop (summary attached) in September and for the strategic planning session scheduled for September 12, 2020. For information on our fiscal year budgets please view the Town's Open Budget website at <http://budget.townofbarnstable.us>.
3. As a reminder the Town of Barnstable continues to follow the Orders and Directives of our Governor. We are in Phase 3 Step 1 of the Governor's four phase recovery plan. We are required to adhere to proper social distancing and if we can not to wear face covering. The Governor has updated his Orders and Directives, therefore, I encourage everyone to go to the [Mass.gov COVID website](https://www.mass.gov/covid) or the [Town of Barnstable website](https://www.townofbarnstable.com) and read these Orders and Directives. One noteworthy cancellation is the fireworks that had been rescheduled from 4th of July to Labor Day weekend because such activities are still not allowed under the Governor's Orders and Directives. Thank you for your continued adherence to these requirements.
4. The School Superintendent and I communicate daily regarding community issues and specifically the current plan for School Year 2020/2021. On August 14, Barnstable Public Schools submitted the Fall Reopening Plan to the Department of Elementary and Secondary Education. The Plan, in its entirety, is available on the [BPS website](https://www.barnstablepublicschools.org). The 2020-21 school calendar represents a phased-in reopening with the following dates:
 - School staff begins on August 31.
 - Students begin September 16 with remote learning until September 25.
 - Students begin in-person learning on September 28 (based on cohort assignments) on a reduced 4-hour school day.
 - Students begin full implementation on in-person learning on October 13.

The Superintendent continues to provide weekly video updates to our BPS community. All updates are available on the BPS website. On Monday, August 24 parents/guardians will receive their child's cohort assignments. Assignments are based on the family survey that resulted in a 76% response rate. Non-responders were assigned in-person by default. At this time 960 students are identified for remote learning and 3953 students are identified for in-person learning model. [Barnstable Public Schools reopening plans](https://www.barnstablepublicschools.org) and [tentative 2020/2021 calendar](https://www.barnstablepublicschools.org). In addition we are meeting with our school department to ensure that our youth programming is well coordinated and effective in our continued efforts to offer safe programming for our youth in Barnstable. We will keep you advised as these important efforts progress.

5. I wanted to share the feedback we received from parents whose children attended the All Day Summer Fun Club. Over the past six weeks, 92 children attended the program (past years 350 – 400 children) to enjoy much-needed summer fun and good times with their peers. Across all three sites we received a 9.8 out of 10 rating and the comments we received expressed the gratitude our families felt that our community was able to offer the program this summer. I must commend staff for their extraordinary efforts, in particular Mickie Davies and her team of counselors, who in addition to providing a fun and engaging environment each day were responsible for ensuring the safety and wellbeing of our participants during this pandemic. Although this was a very different experience than we have provided in past years, our kids quickly adapted to the safety requirements and had fun in the process. Our staff is approaching the coordinated youth programming with our schools for this upcoming school year with the same positive attitude. It is not a question of will we do it but rather how we will do it. I commend our staff for that approach to this challenging situation. We will keep you advised as we progress on this coordinated programming.

6. We continue with regular conversations with Vineyard Wind regarding the status of the Phase I and Phase II projects. Vineyard Wind continues to work with Barnstable staff regarding both Phases of the project. They anticipate commencing construction on Phase I in the spring of 2021 and are proceeding with permitting on Phase II. The resolve on this evening's agenda is one of the items needing authorization as we complete the preparation for Phase I construction. We will keep you advised as this project progresses.
7. The Town Council appointed the Town Manager as its representative on the Cape Cod & Islands Water Protection Fund Board. The Bylaws and Regulations Subcommittee met on August 5, 2020. We approved draft regulations and forwarded to the full Board for consideration. The full Board has its next meeting scheduled for September 9, 2020 at 4:00 PM. The website for the Board has been created by the Cape Cod Commission staff and the link to the current webpage is: <https://www.capecodcommission.org/our-work/ciwpf-bylaws-regulations-committee/>. I will keep you advised on the progress of this Board.
8. Dan Santos, Director of Public Works, provided an update on the Comprehensive Wastewater Management Plan.

President Hebert began **OLD BUSINESS** taking **Agenda Item 2021-003** Appropriation and Transfer Order in the amount of **\$300,000** of Community Preservation Funds for the creation of two (2) moderate-income deed-restricted two-bedroom apartments at 255 Main Street Hyannis, MA out of order. SELECTION OF BALLOT TYPES - PRIMARY ELECTION ONLY

In a primary election, a voter who is NOT registered in a political party (Unenrolled or commonly known as Independent) must specify the party ballot type of choice on the application to vote by mail or in person voting (early or on election day). We are unable to process applications for Unenrolled / Independent voters who do not select a party ballot type on their application. Unenrolled / Independent voters who select a party ballot type do not become registered in that party - they remain Unenrolled / Independent voters. Voters who are registered in one of the 4 political parties (Democrat, Republican, Green-Rainbow, and Libertarian) MUST take that party ballot and are not given a choice of ballot. *The polls will be open as usual on September 1st. We will be taking all possible precautionary safety measures to ensure that elections workers and the voters will be in a safe environment to cast your ballot. We will have fewer voting booths set up six feet apart, so you may have to wait a little longer in line. We will change the flow of the polling location, enter in one door exit out a different door, if at all possible.*

Make Your Voice Count in the 2020 Federal Census It's Easy to Complete On-line, Just Click [Here](#)

Only 10 minutes of your time now has a great impact on our community for the next 10 years!

The Census Bureau has abruptly decided to cut their national counting operations a month short. **The last day to participate in the U.S. 2020 Federal Census is now September 30, formerly October 31.** This announcement further jeopardizes Congressional representation, redistricting, and critical federal funding for things like education, housing, food programs, and more in the Town of Barnstable during the next 10 years. It

could lead to a significant undercount. Only 55 percent of Barnstable's households have responded to date. The census is quick, easy, and important, and all of your answers are confidential. You can respond to the U.S. Census by going online to my2020census.gov, by phone at 844-330-2020, or by mailing back the paper form delivered to you. Please respond and be counted today. **Currently the self-response rate nationally is 64.1%. Massachusetts has a 66.3% self-response rate; Barnstable County 47.8%; and the Town of Barnstable 55%.**

Town of Barnstable Economic Recovery Planning

Town of Barnstable staff are working to help our businesses reopen successfully, recover from this crisis, and move towards a strong and prosperous future. We are listening to and working with our businesses, residents, the Economic Development Task Force (a Town Council presidential subcommittee), the Hyannis Main Street Business Improvement District, and other community partners on developing an [Economic Recovery Plan](#), with an initial focus on promoting the safe and successful reopening of businesses when allowed by the Governor. We are looking at ways the Town can support our local businesses, while promoting public health and safety. If there are ways we can help you succeed in the coming days, months, and in the long-term, please reach out and share your suggestions with us. Submit your suggestions on the [Economic Recovery Plan website](#). Additionally, we encourage our businesses to take the [Cape Cod Commission's online survey](#) for Cape Cod business owners. The survey is being conducted to better understand the current and anticipated economic impacts of COVID-19. Data collected through this survey will be used to support economic recovery now and in the coming weeks and months, and can be leveraged by businesses, towns, and other organizations in future grant applications and reports.

MEMA Offers Resource of Testing Site Map

The Massachusetts Emergency Management Agency is a great resource for COVID-19 testing locations with its [COVID-19 Test Site Locator](#). The map provides an easy way to locate a COVID-19 test site near you. All of those experiencing symptoms or those who have been in close contact recently with a COVID positive individual should seek testing. There are different filters you can choose, such as free testing for residents, test children, referral not required, drive thru services, etc.

Cape Cod Healthcare Transitions Mid-Cape COVID-19 Testing Location to Cape Cod Hospital

Effective July 24, 2020, Cape Cod Healthcare will transition its mid Cape drive-through testing site from the campus of Cape Cod Community College to the campus of Cape Cod Hospital. A second testing facility on the campus of Falmouth Hospital, which opened on June 24, 2020, continues to supplement testing access by serving the upper Cape community. The location transition is in anticipation of resumed activity at Cape Cod Community College with the goal of establishing a more permanent location at Cape Cod Hospital. Cape Cod Healthcare would like to extend its sincere gratitude to Cape Cod Community College for being an exceptional community partner during these exceptionally challenging times. As a reminder, testing is available to any person on the Cape and Islands with a doctor's order, including those with a physician not affiliated with Cape Cod Healthcare and/or not

located on Cape Cod. Individuals without a primary care physician can call the dedicated call center (508-862-5595) to be screened for testing by a clinical provider by phone. For more information about COVID-19 testing at Cape Cod Healthcare, see capecodhealth.org/coronavirus.

EEE can cause severe illness and possibly lead to death in any age group; however, people under age 15 are at particular risk. EEE does not occur every year, but based on mosquito sampling, a high risk of occurrence of human cases currently exists. Learn more about EEE and how to protect yourself and your family in this [fact sheet about EEE](#).

2020 Season

[Routine mosquito testing](#) began on June 15, 2020 and will continue through October. The Department of Public Health in partnership with Local Mosquito Control Projects will conduct comprehensive surveillance activities state-wide to assess the risk of WNV and EEE in 2020. [Risk maps and EEE and WNV detections](#) will be routinely updated. You can watch a brief video from the State [here](#).
