Special Town Council Meeting – Thursday, July 1, 2021

The July 1, 2021 Special Town Council Meeting of the Barnstable Town Council was conducted remotely and physically closed to the public. The public was able to view through Comcast Channel 18 or Live Streaming on the Town of Barnstable’s website. Agenda Chaptering is not available for this meeting at this time.

Town Council President Matthew Levesque opened last night’s Town Council Meeting leading the Pledge of Allegiance and a Moment of Silence. Town Council Vice President Paula Schnepf recognized Dennis Houle who

retired from the Conservation Commission last month after 16 years of dedicated service which included 15 years in leadership positions. In 2019, Mr. Houle was recognized as Conservation Commissioner of the Year by the Massachusetts Conservation Commission. Mr. Houle recognized the many people who helped him through the years including Conservation Administrator Darcy Karle and Conservation staff, his fellow Commissioners, Marine & Environmental Affairs and Natural Resources including Nina Coleman, the Town Attorney's office, Town Councilors and the many people who appeared before the Commission, applicants, consultants, abutters, and the general public. Next up was Public Comment. President Levesque invited Town Manager Mark Ells to respond to Public Comment. This was followed by Town Council response to Public Comment. Mr. Ells presented Town Manager Communications for the period of June 18-July 1, 2021:

1. Elizabeth Jenkins, Director of Planning & Development, will provide an update on Downtown Hyannis Zoning.
2. Our public beaches officially opened for the summer season on June 26th, with the hot temperatures over the past week seeing many residents and visitors flock to our beaches and ponds. Unfortunately, Barnstable has not been immune to the lifeguard shortages that have impacted many coastal communities throughout the nation. As a result, we currently do not have lifeguards on duty at Hamblin's Pond and Lake Wequaquet. To date the Recreation Division has issued over 20,000 beach parking permits, marking the most permits we have ever sold prior to the 4th of July weekend, so we expect this to be an extraordinarily busy season. We will continue to have Beach Safety Officers patrolling our beaches to ensure a safe and positive experience for all beachgoers. Our online permitting programming has worked very well for us this year and we will continue to explore efficiencies in our permitting procedures as we move forward. Online payment receipts can be used to gain access to the beaches for 14 days, allowing time for the permit to be processed and mailed to the applicant. For those uncomfortable or unable to use the online program, beach parking permits are also available via mail and drop-box. We have instituted an additional safety procedure at our beaches that during high wind situations the use of umbrellas and tents will be suspended until such time as the winds subside. Our prior procedure stated that "All umbrellas must be secured properly and may not obstruct the lifeguard's view of the water". This safety procedure has been established on a daily basis depending on the weather much like the no floatation devices prohibition when there is an offshore breeze. I want to say thank you to all our aquatic and beach permit staff for their efforts and to the public for their continued patience and understanding as we adapt to new policies and procedures.
3. This year's Summer Leisure program will kick-off on July 5th with 215 local children participating over the next 7 weeks. Our staff has planned a fun, safe and engaging calendar of activities this summer. Our staff is especially excited to be able to reintroduce weekly trips to the beach and field trips, making for a memorable summer for our youth.
4. The Olde Barnstable and Hyannis Golf Courses continue to see strong and steady play this season. Illustrating the growing popularity of golf this year, our Golf Division has issued 1,177 annual passes to date, representing 1,296 individual players when accounting for family memberships, which is an all-time high.
5. As a reminder, the Town of Barnstable will celebrate Independence Day with fireworks (weather permitting with an alternate date of Saturday, September 4th of Labor Day weekend) and a day-long celebration on Hyannis Main Street. Barnstable is working in collaboration with community partners to host a celebration on Sunday, July 4th on the Village Green, Main Street, and Hyannis Harbor. There will be family-oriented entertainment all day including entertainers, the roaming railroad, DJs, bands and other live music. We are not planning on a Main Street parade though many of our villages are planning parades.
6. At our last Town Council meeting I was asked to discuss use of the Town athletic fields that fall under the oversights of our public schools. Specifically, the new field at Barnstable High School. The

Superintendent reports that use by teams other than Barnstable Public School teams will be allowed beginning in the summer of 2022. The new Barnstable High School baseball field will be available for rental by community organizations in July 2022. Organizations may submit a Facility Rental Application now to begin the permitting process. Please click the links for information and application.

- [External Organization - Facility Rental Application](#)

If you have any questions, please contact Katri Mullaly, Facilities Booking Coordinator, at 508-790-6490 ext. 1029 or mullaly_katri@mybps.us

7. The Conservation Law Foundation has filed two complaints against the Town of Barnstable. Later this evening the Town Council will discuss strategy in executive session relative to the lawsuits filed against the Town, one regarding claims under the Federal Clean Water Act and the other regarding claims relating to the Massachusetts Title 5 septic regulations.
8. Work is progressing on the Town's Local Comprehensive Plan. Procurement staff is finalizing the Request for Proposals (RFP) for the first phase of consultant work involving data collection and community visioning. The RFP will officially post on July 12th with the responses due on August 2nd. Planning & Development staff continues to work on background, history, and existing conditions reports to give the community access to the objectives and results of past planning efforts. These efforts are being conducted in conformance with the Cape Cod Commission's local comprehensive plan guidance and regulations [https://www.capecodcommission.org/resource-library/file/?url=/dept/commission/team/Website_Resources/regulatory/LCP Guidance Document.pdf](https://www.capecodcommission.org/resource-library/file/?url=/dept/commission/team/Website_Resources/regulatory/LCP%20Guidance%20Document.pdf), with the goal of having the plan certified by the Commission upon completion. Commencing in August and monthly thereafter Elizabeth Jenkins, Director of Planning and Development, will provide an update on our progress on the Local Comprehensive Plan.
9. On May 20, 2021 the Town Council held a public hearing on a proposed Sewer Assessment Ordinance as part of the fiscal policy under consideration by Town Council to establish how to equitably distribute the costs of the Comprehensive Wastewater Management Plan. The modified draft of the proposed Sewer Assessment Ordinance was posted on the Town web site <https://www.townofbarnstable.us/Departments/TownManager/> and provided to Town Council on June 14, 2021 in anticipation of this evening's hearing regarding the proposed ordinance. The initial Town Manager's proposal to Town Council back in October 2020 involved a two-step approach to the proposed fiscal policy under consideration:
 - First, review and approve the proposed Sewer Assessment Ordinance which includes a sewer assessment to each individual property receiving the planned sewer; and
 - Second discuss the use of general funds to pay for the remaining portion of cost associated with proceeding with the CWMP.

We have a scheduled workshop with Town Council on August 5, 2021 to engage in the second part of the proposed fiscal policy discussion which focuses on use of general funds to address any remaining costs beyond those covers by existing revenue sources.

During Town Council Communications Town Councilor Paul Neary recognized Jack Meade and Bob Hazelton who recently stepped down from the Waterways Committee. Mr. Meade was Chair of Waterways for a number of years. President Levesque recognized the service of Alex Rodolakis who stepped down from the Zoning Board of Appeals after 14 years. **OLD BUSINESS** began with Town Manager Ells, along with Finance Director Mark Milne, Town Attorney Karen Nober, and Department of Public Works Director Dan Santos, presenting **Agenda Item 2021-139** Order Amending Chapter 184 Sewers and Water of the General Ordinances which was approved. **NEW BUSINESS** began with the Town Council approving **Agenda Item 2021-186** Resolve approving Mark S. Ells' outside employment

with Cape Cod Community College. **Agenda Item 2021-187** Appropriation Order in the amount of \$89,950 in Community Preservation Funds for the restoration work to the Barnstable Historic Society Inc.'s building at 3087 Main Street/Route 6A, Barnstable was referred to a Public Hearing on July 15, 2021. The Town Council voted to go into **EXECUTIVE SESSION** and not to return to general session pursuant to G.L. c. 30A, sec. 21(a)(3) to discuss strategy with respect to litigation since a discussion in open session may have a detrimental effect on the litigating position of the Town and Town Council. Specifically, the Council will discuss two lawsuits filed against the Town by the Conservation Law Foundation, one regarding claims under the Federal Clean Water Act and the other regarding claims relating to the Massachusetts Title 5 septic regulations.

The next regularly scheduled Town Council Meeting will be held on Thursday, July 15, 2021. The meeting Agenda will be available on the Town of Barnstable's website (www.townofbarnstable.us).

Barnstable County COVID-19 Vaccine Clinics to be Held at County Complex

Barnstable County will be holding weekly COVID-19 vaccine clinics in the **Harborview Conference Room** located at the top of the hill within the Barnstable County Complex at 3195 Main Street in Barnstable Village. Clinics will take place at this location **every Thursday from 10:00 AM to 2:00 PM**. Pfizer vaccine will be offered to anyone age 12+, and Johnson & Johnson vaccine will be offered to anyone age 18+.

Illegal Fireworks Public Service Announcement from Barnstable Police & Hyannis Fire

Did you know that it is illegal to possess fireworks in Massachusetts? Did you know that a sparkler can burn at a temperature of 1200°F. This summer, play it safe and leave the fireworks to the professionals. Channel 18's Paula Hersey worked with Barnstable Police Chief Matthew Sonnabend and Hyannis Fire Chief Peter Burke to create [this public service announcement](#).

Operation Dry Water 2021 - July 2-4, 2021

A message from Barnstable Harbormaster's Office:

When a boater or passenger drinks, cognitive abilities and judgment deteriorate, making it harder to process information, assess situations, and make good choices. Keep yourself, friends and family safe by NEVER drinking and boating.

Updated Information for the 4th of July

IMPORTANT NOTICE - HYANNIS PARKING BANS

Parking bans will be in place from 7:00 PM-11:00 PM on South Street, Ocean Street, Sea Street and all roads leading to and around Gosnold Street to accommodate foot traffic for the fireworks. **South Street will be closed from High School Road to Ocean Street.** Please note: the Barnstable Police Department has jurisdiction beyond these closures to ensure public safety, and will do so on an as needed basis.

Sign Up for Cynobacteria Alerts

The Town will be contracting with the Association to Preserve Cape Cod (APCC) to conduct routine monitoring and reporting of cyanobacteria in Barnstable's Lakes and Ponds. This sampling will begin soon. If you are interested in receiving an email notification, when a potentially toxic bloom is identified by APCC, you **must opt-in** to the APCC toxic alerts. In order to receive email notification for toxic alerts, click this link: <https://apcc.org/our-work/science/community-science/cyanobacteria/cyanobacteria-alert/> This link will bring you to a webpage where you **must enter your email** in order to receive toxic alerts. You can also check out the cyanoMAP at <https://apcc.org/our-work/science/community-science/cyanobacteria/> to see the recent cyanobacteria monitoring results from APCC.

Cyanobacteria Notice

As we enter the summer season, we wanted to let you know the Town is planning to resume cyanobacteria monitoring and reporting. However, this program will have a delayed start this year due to unanticipated staff turnover. We expect the program to resume in July. Until this program is back up and running, we wanted to provide some tips to identify cyanobacteria blooms, what to do if you suspect a bloom, and who to contact.

Identifying Cyanobacteria Blooms

The Massachusetts Department of Public Health has provided examples of cyanobacteria blooms with scums and without scums. <https://www.mass.gov/service-details/identifying-cyanobacterial-blooms-and-scums-photographs-of-blooms-and-scums>

How do I know if there is a harmful algal bloom in the water?

Cyanobacteria can cause the water to appear slightly discolored, cloudy, or resemble pea soup or paint. They are usually blue or green but can also be brown or red. They can also give the water a bad odor. The cyanobacteria in some blooms are dispersed throughout the water, while in other blooms they are concentrated in a scum or mat, either on the surface of the water or in sediment along the shoreline.

What if you Suspect a Cyanobacteria Bloom?

WHEN IN DOUBT, STAY OUT!

If you see a possible cyanobacteria bloom, avoid contact with the water.

Contact the Health Department at 508-862-4644 or email health@town.barnstable.ma.us, if the bloom is at a recreational waterbody.

Town of Barnstable Introduces On-line Rental Property Registration and Short-Term Rental Complaint Hotline

As we enter our summer season the Town of Barnstable would like to remind owners of rental properties that they are required to register rental units with the Town of Barnstable Health Division; this includes ALL rentals from annual to summer to short-term. The requirement to register rental properties has been in place in Barnstable since 2006.

Please register and pay using the online registration link below:

<https://secure.hostcompliance.com/barnstable-ma/permit-registration/welcome>

Or, if mailing in, obtain registration form(s) from Town of Barnstable website below:

https://www.town.barnstable.ma.us/Departments/healthdivision/Applications_and_Forms/Rental-Registration-Application.pdf

Submissions by mail: Use one form for each unit to be registered and return to the Public Health Division, 200 Main Street, Hyannis, MA 02601.

There is a fee of \$90 and \$25 for *each* additional unit on the **same** parcel. The check should be payable to: Town of Barnstable.

Failure to comply with this Ordinance may result in the issuance of a non-criminal ticket citation in the amount of \$100.

We are also pleased to announce that we now have a short term rental complaint hotline available for the public to submit any complaints concerning short-term rental properties. The hotline is available on-line through our Health Division website or by phone 24 hours a day at 508-504-9779.

Short Term Rental Complaint Hotline (available 24 hours a day/7 days a week): 508-504-9779

Accessory Dwelling Unit Update: Public Hearing Date Change

The Town of Barnstable advertised a public hearing to consider zoning amendments allowing Accessory Dwelling Units for an in-person Town Council meeting on July 1st. On June 16th, the Governor signed a bill allowing public meetings to continue to be held remotely. In order to maximize the opportunity for public participation, the

public hearing on the ADU zoning amendments has been rescheduled for July 15th and the hearing will be held remotely, via Zoom.

ROAD WORK UPDATES

As always please slow down and use extreme caution when traveling through the road construction areas and follow posted safety and detour signs.

***CONTINUES* National Grid Gas Pipe Installation, Anchor Lane**

National Grid, through their contractor Fraser Engineering, is planning on replacing the Anchor Lane Regulator Station, which will include removal of the existing regulator station and installation of a prefabricated 3 layer regulator station, and new gas lines that will tie into the existing 10" gas main located along the Route 28 roadway shoulder. Work will take place on the corner of Anchor Lane and Falmouth Rd (Route 28) in Cotuit. Construction is expected to last to **September 1, 2021**. Weather pending, construction will be on-going, Monday through Friday from 7:00 AM to 4:30 PM until completion of this phase of the project. Portions of Anchor Lane travel lanes will be restricted, and work on Falmouth Road will include temporary lane closures, which will be controlled by police details. As always, please slow down and use extreme caution when traveling through the road construction areas, and follow posted safety and detour signs.

***UPDATED* Rendezvous Lane Wastewater Pump Station Replacement Project**

The Town of Barnstable's contractor, Robert B. Our Co., Inc., is under contract to complete a wastewater pump station replacement project at the intersection of Rendezvous Lane, Kent Road and Salten Point Road. The project involves a new below grade precast concrete wet well and valve vault, pumping system, control panel, standby generator and gravity sewer main to replace the existing wastewater pump station at the Town Right of Way to Barnstable Harbor at the end of Rendezvous Lane. The improvements are necessary to replace the existing pump station approaching the end of its intended service life and to relocate the new pump station above the FEMA base flood elevation. Typical work hours are 7:00 AM to 4:00 PM, with groundwater dewatering pumps and sewer bypass pumps occasionally requiring 24/7 operation. Remaining work includes installation of final paving of the roadway and restoration of disturbed areas.

***UPDATED* Drainage & Pavement Improvements on Wheeler Road in Marstons Mills**

Drainage and pavement improvements on Wheeler Road in Marstons Mills are currently on-going and will continue during the week of July 5th, 2021. The remaining work will include the raising of structures to finished grade, installation of additional curb inlets, final asphalt paving and restoration of all disturbed areas. Please use caution and safe speeds when traveling on Wheeler Road during construction operations.

***CONTINUES* Drainage Improvements on Lake Shore Drive in Marstons Mills**

The Town's contractor, Tasco Construction, will continue drainage improvements at five (5) locations along Head of the Pond Rd and Lake Shore Drive in Marstons Mills. The work includes installation of new drainage systems, repairs to existing drainage systems, adjustment of drainage structure castings, and restoration of any areas disturbed during construction. Normal work hours will be between 7:00 AM to 3:30 PM, Monday through Friday. Through traffic will be maintained throughout construction. Any lane closures will be supported with police details to direct traffic. Motorists are advised to seek alternate routes to avoid the construction work.
