HURRICANE PREPAREDNESS TIPS

The Massachusetts Emergency Management Agency (MEMA) reminds all residents to prepare themselves, their families, and their homes for tropical storms and hurricanes. Hurricane season runs from June 1st through November 30th each year.

Know your zone

[Mass.Gov/KnowYourZone](https://www.mass.gov/knowyourzone)

Learn if you live in a hurricane evacuation zone that may flood during a hurricane and evacuate if you are told to do so.

Make a plan

bit.ly/Plan4Family

Make a Family Emergency Plan on what to do and how to stay in touch in a storm. Create a plan to evacuate, including where you will go, and what you should bring

Build a kit

bit.ly/Your-Kit

Include supplies that your family would need for 3-5 days:

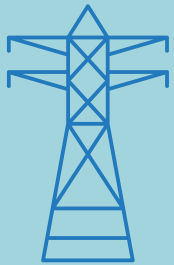

- Bottled water & food that doesn't need to be refrigerated
- Flashlights, a radio, & extra batteries
- Phone chargers
- First aid kit with medications, spare eyeglasses
- Special medical equipment if needed
- Personal care items
- Copies of important documents

HURRICANE PREPAREDNESS TIPS

The Massachusetts Emergency Management Agency (MEMA) reminds all residents to prepare themselves, their families, and their homes for tropical storms and hurricanes. Hurricane season runs from June 1st through November 30th each year.

Prepare for power loss

bit.ly/Powers-Out

Have a plan and supplies for extended power outages.

Prepare for medical needs

If you or a family member has special medical needs, equipment, or treatment, include these in your plan and talk to your care provider for additional advice or assistance.

Prepare your home

bit.ly/ReadyHome

Take steps to prevent damage from wind and flooding. Make sure you have working smoke and carbon monoxide detectors.

Prepare for pets and service animals

Include food, supplies, medications, carriers, and other items your pet or service animal needs if you have to evacuate. Remember, your service animal is always allowed in shelters, or anywhere else you go.

HURRICANE PREPAREDNESS TIPS

Before During & After The Storm

Stay informed

Monitor storm updates through local media and messages from emergency officials. Sign up for your local reverse 9-1-1 system if your community has one.

Also, check to make sure your smartphone can receive emergency and public safety alerts.

[Ready.gov/alerts](https://www.ready.gov/alerts)

Massachusetts Emergency
Management Agency

[Mass.gov/mema/hurricanes](https://www.mass.gov/mema/hurricanes)

Be a good neighbor.

Check on people in your neighborhood who may need additional help before, during, and after a storm.

Listen to emergency officials.

If told to evacuate, do so immediately.

If you have evacuated, return home only when officials say it is safe to do so. Check with local officials or call 2-1-1 to find shelter locations and other disaster information.

Keep track of property damage.

If your home or property is damaged during the storm, take photos or videos to document the damage, which can help with the insurance and recovery process.

Chip Reilly (Barnstable County Government's Emergency Preparedness Director) joins us for our most recent episode of County Chatter! Chip shares about the uniqueness of Cape Cod in regards to disasterous weather events such as hurricanes, nor-easters, and hurricanes, the importance of planning for emergencies and how to build your personalized disaster "kit."

Katie Servis (Cape Cod Gateway Airport Manager) joins Sarah Beal-Fletcher on Town Talk to share all about the exciting event series that the airport puts on each year. This event series includes everything from a "Night in the Terminal" Scout Sleepover event to an aviation and aerospace career fair and other community events based on aviation and the military.

THE LAST WORD...

"By all these lovely tokens,
September days are here.
With summer's best of weather
and autumn's best of cheer."

Helen Hunt Jackson
