

NOTES FROM THE FIELD

SANDY NECK NEWSLETTER

June & July 2024

From the Staff,

June has come and gone and July has just arrived which means summer is in full swing! Arguably our busiest month of the year expect to see some closures for both the ORV and Bodfish public beach

With the sweltering heat and greenhead flies here to stay we have again closed down the Sandy Neck campground for the month of July.

Upcoming Events!

Junior Rangers- This program is available so our next generation can learn about our conservation efforts here at Sandy Neck. For more info call the Barnstable Recreation Department at 508-790-6345

Our Piping plovers have been hard at work leaving their mark on Sandy Neck. We've had another record breaking year with over 60 nests found! It's not just the plovers either, we are also seeing other nesting shorebirds like the Least Terns, Common Terns and even some Oyster Catchers!

Important!

ORV Beach hours are 8:00am to 10:00pm. The Gatehouse is currently open from 9:00am - 9:00pm. If you have any questions and concerns, please call (508)362-8300.
